PLANE CRASH TRAPS ELEVEN

AGED MAN VICTIM AS FIRE DESTROYS HOME

Man Loses Life This Morning As Home Is Burned

Thomas C. Welch, Of Wilson Avenue Extension, Trapped In Blazing Home

RESCUE ATTEMPTS ARE UNSUCCESSFUL

Believe Exploding Oil Lamp May Have Been Cause Of Blaze

Thomas Welch, aged 73, was burned to death in a fire which destroyed the three-room cottage in which he lived alone in the rear of the home of his step-daughter, Mrs. Frank Valiensi, of Wilson avenue extension, at 2:30 o'clock this morning.

Mrs. Valiensi discovered the blaze, being awakened by the crackling of the fire. At that time the cottage was a mass of flames, and although she and Mr. Valiensi hurried out and tried to get him out, they were driven back by the fire, unable to enter the structure.

Believed Oil Lamp Exploded.

The fire is believed to have started from an exploding oil lamp, although it was impossible to discover the origin of the blaze. Mrs. Valiensi stated that a similar occurrence happened several months ago, when they were near at hand and able to put the fire out. Mr. Welch evidently had been aroused by the smoke and fire, as the position of his body indicated that he had been able to get out of bed and make an effort to reach the door, only a few feet away. However, he was overcome, it seemed, with safety only an arm's length away.

City firemen were summoned to the scene of the blaze, just outside the city limits, and fourth ward and B truck companies responded. The fourth ward firemen laid 1,400 feet of hose to the scene of the fire and finally extinguished the blazing

President Takes Charge Of Congress Court Battle

By WILLIAM K. HUTCHINSON
International News Service Staff Correspondent

WASHINGTON, Feb. 10.—President Roosevelt took personal charge today of the battle that is to be waged in congress over his judicial reform measure.

Realizing apparently that a real fight is in prospect over his requested authority to re-make the supreme court by the appointment of new justices, Mr. Roosevelt summoned to the White House a number of Democratic senators who have been classified as wavering on the issue.

Before going to his office this morning, the president conferred with Rep. Hatton Sumners (D) of Texas, chairman of the judiciary committee of the House, who has been lukewarm if not hostile to the administration program.

Schedules Conferences

Later, the president scheduled conferences with Senators Neely of West Virginia, McCarran of Nevada, McGill of Kansas, Hatch of New Mexico, Hughes of Delaware, and Logan of Kentucky.

After his talk with the president, Sumners reiterated his determination to introduce his own bills permitting supreme court justices to retire at 70, and providing for the attorney general to intervene in constitutional cases.

Open Revolt Spreads Through Congress On President's Court Plan

By WILLIAM K. HUTCHINSON
International News Service Staff Correspondent

WASHINGTON, Feb. 10.—With an open revolt spreading through congress against President Roosevelt's proposal to increase the supreme court, house leaders were ready today to ignore his wishes by enacting two of his less sensational recommendations for judicial reforms.

The bills were sponsored by Rep. Sumners (D) of Texas, chairman of the house judiciary committee. One would allow supreme court justices to retire at 70 on full pay for life, whereas they now can only resign. The other would authorize the attorney general to intervene in any case in a federal district court in which the constitutionality of an act of congress was challenged, and provide further for a direct appeal to the supreme court of any adverse decision.

Action on these two bills separately from the president's plan to increase the supreme court membership was directly counter to Mr. Roosevelt's wishes. He specifically asked the whole reform be enacted in one measure.

Revolt Spreads Rapidly.

The revolt swept beyond control of even the president's most loyal friends. It was led exclusively by Democrats, who supported Mr. Roosevelt at the polls last November, while the Republicans sat quietly on the sidelines, waiting only to vote against the presidential program.

A flood of telegraphic and written protests from back home served to increase the revolt. On the house sise, Rep. Celler (D) of New York, ranking member on its judiciary committee, announced that the committee would never approve the proposal to increase the court.

"I think," he said, "the house judiciary committee has taken all the action it will take when it passes these two bills."

"If this bill now passes," Celler predicted, "allowing time for the justices to maintain their dignity, I am sure two or three will retire."

On the senate side, Senator Van Nuys (D) of Indiana, led the revolt. He predicted the senate judiciary committee would never approve the measure for enlarging the high court. He also denounced reported efforts to make the legislative contest a partisan conflict.

No Justification

"It is my opinion," said Van Nuys, "that the senate judiciary committee, composed as it is of profound students of the constitution, after careful deliberation and study, will come to the conclusion there is no justification for enlargement of the

Doctor Testifies In Somerset Case

Tells Of Many "Brutal And Horrible" Injuries On Monaghan's Body

LONG RECITAL OF WOUNDS IS MADE

By DICK SHANER
International News Service Staff Correspondent

SOMERSET, Pa., Feb. 10.—Intimate, detailed descriptions of the "brutal and horrible" injuries suffered by Frank C. Monaghan, 64, Uniontown hotelkeeper, the morning of September 12 when he died while allegedly being subjected to a "third degree" in the Fayette county courthouse were given a jury of ten men and two women today.

They were recited in coldly scientific language by Dr. Herbert L. Lund, a pathologist at the Uniontown hospital, the first witness called by Attorney General Charles J. Margiotti, special prosecutor.

Opening the commonwealth's case against State Trooper Stacey Gunderman, of Hollidaysburg, first of the seven murder defendants to be brought to trial, Margiotti demanded the extreme penalty of death in the electric chair.

After identifying two photographs of Monaghan taken between 1:45 and 2:00 o'clock in the Bertillon room of the county courthouse while the elderly hotelkeeper was being questioned, Dr. Lund launched into a detailed recital of what the two autopsies he performed on the body disclosed.

Speculation Rife

Meanwhile, speculation ran rife today in the wake of the attorney general's opening speech to the jury comprised largely of farmers. In it, the special prosecutor implied but did not specifically state, that Chief County Detective John C. Wall was slashed and stabbed in retaliation for an assault on Monaghan's "girl friend," Florence Dean, the cham-

Restoration Of Land Losses In Nation Asked

President Sends Special Message To Congress Asking For Permanent Program

(International News Service)

WASHINGTON, Feb. 10.—President Roosevelt today called on congress to begin speedily formation of a co-ordinated plan of development and rehabilitation of the nation's land and water resources.

Submitting the report of his great plains committee for such a plan covering the central area ravaged in recent years by drouth and land deterioration, he sent to congress a covering message, asking that work get underway in this planning "without undue delay."

Land has been permitted to deteriorate, water resources have been wasted, he pointed out. Consequently, a national program to restore these losses, and to guard in the future against the mistakes of the past, is imperative, he said.

Situation Remais Quiet At Flint—Post Guards Over Water Plant

(International News Service)

DETROIT, Feb. 10.—With John L. Lewis absent, strategists in the General Motors auto strike parley today resumed their conferences designed to find a basis for a truce which would block further bloodshed and start men back to work.

Lewis, strike director for the United Auto Workers Union, came up with a cold on the eighth day of the presidentially-instructed conferences. His secretary said Lewis was in need of a rest, and that he planned to appear at the parley sometime during the day.

Lewis' absence left only two union representatives at the start of the parley at 10::50 a. m., nearly an hour behind schedule. They were Wyndham Mortimer, first vice president of the United Auto Workers Union, and Lee Pressman, CIO attorney.

Appearing again for General Motors were William S. Knudsen, GMC executive vice president; Donaldson Brown, finance committee chairman, and John Thomas Smith, GM counsel.

Murphy More Confident.

Would Restrict Lobby Activity At Harrisburg

Resolution Offered To Place Lobbyists Under Strict Commonwealth Control

(International News Service)

HARRISBURG, Feb. 10.—The general assembly conjured today with the possibility of drastically restricting the activities of lobbyists.

Introduced by Rep. J. P. Moran, Allegheny Democrat, a measure was before the legislature which would place lobbyists under strict supervision of the commonwealth.

The administration-sponsored bill contained, however, a "joker" so far as the 132nd general assembly was concerned because, if enacted, it would not go into effect until September, 1937, long after the current session is ended—administration chieftains hope.

Among other things, the bill requires all lobbyists to register, as well as their employers, with the secretary of the commonwealth. Names, compensation and bills in which they are interested must be listed with the secretary. The bill also would deny them access to the floor of the legislature when either house is in session.

Violators of the act would be subject to a fine of not less than $2,000 and not more than $5,000.

Illness Causes End Of Court Term At Present

Due to an unusual number of cases of influenza among attorneys and litigants it will be necessary to discontinue the February term of civil court after the conclusion of the case now in trial in court room number one.

The term was filled with civil cases some of which would have occupied several days. Both court rooms had a full calendar but when the time for trial arrived a number of the attorneys were ill, several of the litigants were confined to their homes and it was necessary to hold the cases until the next civil court in April.

As a result the April court will be jammed.

Children Start Fire With Matches

One Truck Refuses To Start And False Alarm Comes In While Departments Are Out

Two small children of Mr. and Mrs. W. Zapasnick of 108 Charter street, started a fire in the home at 12:10 this afternoon, causing slight damage.

They were playing with matches in the cellar and set fire to some waste paper, which spread and burned up through the floor. The damage was less than $10.

No. 5 fire truck refused to start, and as they were supposed to answer the alarm from Box 57, the "A" truck and No. 4 departments went out in addition to "B" truck from Central station.

While this was going on, the automatic fire alarm at the Lawrence Laundry on South Mill street went off accidentally, and several other departments went to this location, but found there was no fire.

Prepare For Huge Dollar Day Throng

Plenty of dishes were late getting washed Tuesday night. Not because of any laziness in the Lawrence County homes but because Ma was looking at the Dollar Day ads. The rest of the family took turns but Ma was first and rightly so.

For the rest of the evening the family conversation in a lot of homes was around the bargains the 50 or more merchants of New Castle are offering on Thursday, February 11. Ice cream and lingerie, work pants and plate glass mirrors, curtain stretchers and hamburg steak, everything that the average home needs and a lot of things they should have.

Thursday is the day and the dollar is the pass word for admission to more bargains than could be recounted on this page. Its a day when your dollar goes back on the old standard, for one day, its an non-inflated dollar with buying possibilities you haven't seen for a long time.

Come down town tomorrow, bring a handful of dollars with you and take home a hamper full of bargains. Remember the Dollar Day bargains apply just for Thursday.

Volunteer Finds Wrecked Plane

Socially Prominent Flier Sights Wreckage From His Private Plane

DROPS FLARES TO SCENE FROM PLANE

(International News Service)

SAN FRANCISCO, Feb. 10.—A volunteer aviator found the ill-fated United Air Lines passenger plane early today.

He is Frank Fuller, socially prominent member of the W. P. Fuller family, founders of a paint manufacturing company here.

Fuller was in evening clothes when he sighted the huge craft submerged and drifting five miles off shore, while piloting his private plane.

An aviator of note, Fuller left a dancing party in Burlingame when he learned of the tragedy, rushed to the Municipal Airport and took off.

He spent the rest of the evening flying low over San Francisco Bay, dropping flares in an effort to pierce the darkness and locate the plane.

On finding it, Fuller dropped flares to direct coast guard cutters to the scene and gave radio advices to officials at the airport.

Four Rescued By Freighter After Helpless Drifting

Three Men And Woman Landed At Philadelphia, Set Out From Fort Pierce, Fla.

(International News Service)

PHILADELPHIA, Feb. 10.—Three men and a woman stepped ashore here today from the freighter San Antonio, thankful for their rescue after three days' drifting in a crippled motor launch in the gale-battered Gulf stream.

Apparently none the worse for their experience, they told a tale of helpless drifting for days and nights, of lighting flares from oil-soaked shirts, of fighting cold, hunger and misery. They were down to their last shirt and last match when sighted by the freighter.

The four, Bert Carver, 26, of Fort Pierce, Fla., captain of the fishing launch "Nancy"; Alfred H. Meyer, 25, of Poughkeepsie, N. Y.; and Mr. and Mrs. Timothy Lowry, of Evanston, Ill., were rescued Saturday, nearly 72 hours after they put out on a fishing trip from Fort Pierce. Lowry, 31, is an Evanston lawyer and former Northwestern University football star, and his wife is a well-known mid-western golfer.

Unidentified Man Is Found Slain

Body Of Man Is Found Near Allentown, Pa., Hunt For Slayers Start

(International News Service)

ALLENTOWN, Pa., Feb. 10.—The body of an unidentified man, believed to have been murdered, was found today on Schoersville Pike, about one and one-half miles north of here, by Walter Kocher, an Allentown carpenter.

The man's head was slashed in several places either by an ax or a large knife, police said. Although it is possible, police said it was unlikely that the man was the victim of a hit-and-run motorist.

Detectives believe he might have been slain elsewhere and his body tossed on the road from an automobile. District Attorney John L. Cutshall of Lehigh county ordered Sheriff Oliver H. Peter to join state troopers in an investigation.

The Square Circle will meet Thursday night at the Y. W. C. A. bowling from 7:30 to 8:30; business meeting following.

Flint Strike Center Hit On Another Flank

(International News Service)

FLINT, Mich., Feb. 10.—While reserve police were called to duty for the first time to guard the water supply here, this strike-weary auto center was hit on another flank again today.

A wave of terrorism was directed against so-called "courtesy car operators," many of them striking General Motors employes. Auto workers, idle because of the strikes, have been operating their private cars after the manner of taxicabs since the city's only public transportation system is tied up in a strike of bus drivers.

They charge no set fee, but in the cars are small boxes to receive voluntary contributions. Each car is labeled "courtesy car" and can be flagged to a stop.

Police blamed irate cab drivers for a series of attacks on the courtesy cars. Within a two-hour period, five of the cars were stoned and another was tipped over. Two other operators told Police Lieut. Gus Hawkins that they had been warned to keep off the streets.

Most of Flint remained calm, however, and quiet prevailed at three General Motors plants now held by sit-down strikers here.

San Francisco Bay Is Scene Of Airliner Crash

Eleven Persons Trapped As Huge Plane Plunges Into Waters Of Bay

ACCIDENT CAUSE MYSTIFIES PROBERS

Machine Turns Out Into Bay Just As Airport Landing Was Near

(BULLETIN)
(International News Service)

SAN FRANCISCO, Feb. 10.—Her nose buried in the mud, and her 11 occupants trapped in her fuselage, the 12-ton United Air Lines "Mainliner" was found in San Francisco Bay early today after a five-hour search.

The huge craft, one of the newly installed 21-passenger planes, apparently dove into the bay at terrific speed a few seconds after it hovered over the municipal airport ready to land at 9 p. m. on its regular Los Angeles-San Francisco run.

The first boat to reach the plane was the police boat David A. White, carrying officers and reporters.

Captain William Bennett declared the plane was almost entirely submerged.

Only the smashed rear end of the fuselage and the rudder remained above water.

Doom Comes Quickly

Two emergency flares carried by the plane were seen floating inside the fuselage, indicating the ill-fated craft plummeted to its doom so swiftly the two pilots had no time to drop them.

No bodies were visible, but judging from the condition of the plane, it seemed likely the eight passengers, two pilots and stewardess had been trapped and that their bodies were still in the wreck.

With the finding of the plane, immediate preparations were made by United Air Line officials to recover the bodies. A barge and derrick, diving equipment and divers were ordered.

Coast guard cutters arriving on the scene, set buoys and made the plane fast to the cutters pending arrival of a heavy barge.

No attempt was made to search

LOYALISTS SUFFER HEAVY LOSS

Rebels Inflict Big Casualties

Estimate Loyalist Dead At 1,000 In Three Counter Attacks

ONE ROAD OPEN TO MADRID NOW

BULLETIN

(International News Service)

MADRID, Feb. 10—Desperately striving, with prodigal sacrifice of man-power, to reopen their "life line" to Valencia, Madrid's choked defenders today vainly staged three futile counter-offensives against rebel positions astride the high road at Vaciamadrid.

Wave after wave of leftist militiamen plowed through ankle-dep mud straight into machine-gun and artillery fire, only to be turned back, according to a rebel communique at Salamanca, with tremendous losses.

Insurgent sources estimated the loyalist dead in the three assaults at more than 1000.

The Madrid defense committee estimated that the vital road had been cut—leaving only one circuitous road to the sea open—but a communique said: "Republican troops counter-attacked during the night, recapturing a greater part of the rebel positions."

ruins, the house having been virtually destroyed by the the time they arrived, the fire being fanned by a stiff breeze.

Prevent Blaze Spreading.

Firemen succeeded in preventing spread of the blaze to surrounding properties, only a hundred feet or so distant.

No insurance was carried on the building or contents, it was stated, the loss being around $800.

Under the direction of Coroner Orville Potter the body was removed and was taken to the Burke funeral home to be prepared for burial.

Mr. Welch was well known here. In addition to Mrs. Valiensi, he is survived by another step-daughter, Mrs. Anthony Nene, and two daughters, Mrs. Edward Heaney and Mrs. Joseph Preisel, all of New Castle.

Mr. Welch also leaves two sisters, Mrs. Elizabeth Gardner and Mrs. Mary Rigby of this city, 18 grandchildren and three great-grandchildren.

Although he was born at Nashville, Tenn., he had passed practically all of his lifetime in New Castle, having been brought here when a baby. His wife, Catherine Gardner Welch, died seven years ago.

The funeral Thursday morning will be private, with mass at 10 o'clock in St. Mary's church, where the deceased was a member, and interment in the church cemetery. Relatives will meet at the funeral home Thursday morning at 9 o'clock.

OPEN REVOLT SPREADS THROUGH CONGRESS

supreme court. It must be remembered we are asked to enact permanent legislation and not a measure to meet a temporary emergency."

Van Nuys was supported in the background by four senate liberals, Senators Borah, Norris, Johnson and Wheeler. All were reported ready to take the floor in debate to oppose the measure. This united liberal opposition made inroads on administration ranks, since Norris, Johnson and Wheeler campaigned for Roosevelt in 1932 and again in 1936.

The house revolt, meanwhile, even included Rep. Drewry (D) of Virginia, chairman of the Democratic congressional campaign committee last year. Drewry joined with Reps. Pettengill of Indiana, O'Neal and May of Kentucky, and Cox of Georgia, all strong Democrats, in organizing opposition to any increase in the high court.

To Fight Proposal

At a conference, Cox was named head of a steering committee to fight the proposal. Such action was unprecedented since Mr. Roosevelt entered the White House. It started with 40 Democrats signing a "round robin" in protest against the increase. It wound up with the revolt leaders predicting 100 house Democrats will be lined up during the day in opposition. This would still permit passage of the bill but it would make the administration's task an unhappy one.

A re-poll of the senate by International News Service continued to show the opposition ahead. It disclosed 32 senators favoring the president's plan, 39 opposed and 25 still unrecorded. Many of the unrecorded were believed to be in opposition but delaying their announcements. It disclosed, too, that the preisdent's plan faces a rocky road in the senate.

That last battle in Madrid was a tough one. One Loyalist leader had three desks shot from under his feet.

DOCTOR TESTIFIES IN SOMERSET CASE

bermaid in his hotel. It was while being forced to confess Wall's stabbing that Monaghan was fatally tortured, according to Margiotti.

Margiotti's detailed description of what the commonwealth charges occurred in the county courthouse at Uniontown was followed by an assertion of Chief Defense Counsel John J. Duggan, Jr., that on the night he was killed, Monaghan had threatened the life of President Judge Thomas H. Hudosn, of Fayette county.

"Mr. Margiotti created the inference that Wall stopped the Monaghan car for the purpose of robbery and assaulted his playmate, Florence Dean . . ." Duggan said of the attorney general's speech in which Margiotti charged that "two to three hundred dollars" were missing from Monaghan's clothing when his body was taken out of the courthouse a corpse.

Will Give Jury Explanation

Margiotti had told the jury how the county detective and District Attorney James A. Reilly stopped Monaghan's automobile and how Wall was slashed.

"What actually occurred in the car—the relationships between the parties—will all be explained to you by our witnesses on the stand," Margiotti said significantly.

Duggan had seized on these words with his own interpretation and with the added charge that Monaghan was "out with a knife that night to get Judge Hudson because Judge Hudson found him guilty in an assault and battery case."

Dr. Lund's testimony was buttressed by scores of photographs, charts and diagrams. Also on hand were the bloody mattress of the cot on which Monaghan allegedly died; his torn and blood-stained clothing and blood-spattered articles taken from the Bertillon room.

After almost an hour of testimony, Dr. Lund was far from the end of his complete invoice of the almost uncountable list of injuries inflicted upon Monaghan.

In order to make his story more graphic for the jury, Dr. Lund used one of the assistant prosecuting attorneys, former Judge Davis W. Henderson, for a model and pointed out on him for Supreme Court Justice George W. Maxey and the jury the location of the injuries.

Dr. Lund also introduced 11 sketches, one of a skull, another of part of the face, and others of various portions of the body which he had himself made.

He went on almost monotonously, telling of fracture after fracture, scores of bruises, brush burns by the tens, scores of cuts and innumerable lacerations found on Monaghan's body.

Only three of the defendants were present as Dr. Lund continued with his testimony. They were State Policeman Anthony Sanute and County Detective Wilbert Minerd. The others were outside smoking or at their lodgings resting.

Gunderman listened intently as Dr. Lund testified, his head resting on his hand.

"Those who would dominate the President,' says an editorial, "should work together." Father Coughlin, meet Mr. Lewis.

SEEK ASSAILANTS OF ROBERT DUKES

(Continued From Page One)

was off duty, was in Moravia street and saw a Ford coach carrying Ohio license plates double-parked. He is said to have taken the two men who were in charge of the machine to task, whereupon one of them is said to have asked:

"Who in —— are you?"

Dukes is said to have replied that he was an officer.

One of the men is alleged to have struck and knocked Dukes down and the other is alleged to have leaped upon him.

Then they are reported to have leaped into the Ford, which was green in color, driven north on Moravia street and turned east on Home street.

Clarence Grannis, 903 Moravia street, is said by police to have seen the attack and to have gone to aid Dukes.

Taken To Hospital

Dukes was rushed to the hospital by Grannis and William Schell, 214 North Ray street. Later Grannis reported the attack when he visited the police station.

Chief of Police Criswell and seven officers went to the district and sought to secure information concerning the attack and identity of the men.

However, what information they received was quite meagre.

One report said the windshield of the auto in which the men fled was shattered as though by a bullet.

In the meantime Sergeant M. J. Young radioed, teletyped and telephoned news of the assault to police of surrounding cities.

Dukes was reported resting as well as could be expected at the hospital today.

GOVERNOR MURPHY MORE OPTIMISTIC OVER AUTO PEACE

(Continued From Page One)

Murphy indicated the negotiators may be on a direct road to peace.

He indicated a new proposal for a settlement was being discussed, but declined to reveal its nature.

"Not a great deal separates them now," the governor said.

A more hopeful spirit was plainly evident on both sides. It provided a contrast from yesterday when the parley appeared stymied.

Sources close to the peace-makers today made it clear that it may take several days to follow the new track to a satisfactory agreement, if one comes.

Meantime, Mayor Harold E. Bradshaw of Flint, made virtual dictator of that city after a state of emergency was declared there, posted 30 armed guards at a pumping station and three reservoirs from which the city draws its water.

"We always have watchmen there," he said. "It just seemed that with the tense situation we have, it might be better to take all possible precautions."

With 4,000 national guardsmen in Flint, the situation remained quiet at three General Motors plants held by sit-down strikers there, and most of Flint remained calm, awaiting outcome of the peace parley here.

None of those connected with the strike conference would reveal the nature of the last proposed settlement. It was learned authoritatively the plan was not patterned after settlement terms of the recent glass strike.

SAN FRANCISCO BAY IS SCENE OF AIRLINER CRASH

(Continued From Page One)

for bodies on account of darkness.

The plane was estimated to be a mile and a half off shore and northeast of the airport.

The Missing:

Myron Lorge, 27, Los Angeles auto salesman.

Roger Myer, 28, 57 Worth street, New York.

J. Franklin Gilmore, San Francisco, vice president of an oil burner company.

Mark Fontana, San Francisco, president Fontana Food Products Company.

R. Margaron, believed to be Remo Nargari, San Francisco restaurant owner.

H. O. Friedlander, Los Angeles, president Los Angeles Casing Co.

John Grennan, Sr., 58, Berkeley, real estate broker.

Gertrude Grennan, daughter of Grennan.

A. R. ("Tommy") Thompson, Burbank, Cal., pilot.

Ruth Kimmel, Alameda, stewardess.

Joe De Cessaro, Glendale, co-pilot.

The scene of the wreck presented an eerie sight.

A spotlight from the police boat cut through the inky darkness and rested on the smashed rear end of the plane; a half dozen red flares burned fitfully in the wind.

Bits of wreckage floated lazily on the oil-covered water. A chill wind moaned across the bay.

Bernard Doolin, superintendent of the airport, made a minute inspection of the plane and concluded it rested in about 15 feet of water.

No Possibility Of Survivors

"There's no possibility of any one being alive," he said, "and it probably will be several hours before we can recover the bodies."

Dooling declared the plane probably would be towed to Oakland and the bodies removed there.

Meanwhile United Air Line officials remained mystified as to what caused Pilot A. R. ("Tommy") Thompson suddenly to put back out over the bay just as he was about to land.

Thompson, with his Co-Pilot, Joe De Cessaro, had been following radio directions and had skimmed across the bay, which adjoins the field.

Suddenly the plane made a sharp turn, headed back out, and in a few seconds disappeared from the view of astonished witnesses.

The plane arrived in San Francisco on schedule, and its pilots radioed at 8:44 p. m. to Ted R. Martin, on duty in the control tower, that it would land at 9 o'clock.

When the landing lights were turned on, the plane moved in from over the bay which adjoins the Municipal Airport here and headed for a runway.

Suddenly the plane turned sharply and went back over the bay, according to witnesses.

It appeared to turn again and then disappeared. Witnesses said they heard a crash.

Calls For Rescuers

Martin waited a few seconds and then notified superiors who put in frantic calls for rescuers.

Lack of boats at the airport for a time prevented would-be rescuers from reaching the spot where the plane was last seen. Three coast-guard cutters and the San Francisco police department cruiser were conducting the search, assisted by many privately-owned craft.

Emory Johnson, assistant traffic manager, San Francisco division, of United Air Lines, was at a loss to explain the tragedy, as weather conditions were ideal and visibility was good.

As news of the disaster spread hundreds of curious spectators thronged the airport and a steady stream of automobiles began choking the highway until it was necessary for officers to establish police lines and clear the administration building.

Mrs. J. Franklin Gilmore, wife of one of the passengers, was at the field shortly after the tragedy. She was in a state of collapse when informed that hopes of finding any one alive were fading rapidly.

Officials of the air company declared that Pilot Thompson was a veteran of the air, with many years of mail flying and a transport experience.

The disaster was the third major crack-up in California in as many months.

On the night of December 26, a transport plane carrying 12 passengers struck the side of a mountain near Los Angeles and all were killed.

On January 12 another passenger liner crashed near the Los Angeles Airport, claiming a toll of five lives. In this wreck Martin Johnson, the noted African explorer, was injured fatally.

Suggested Cause

Washington, Feb. 10.—A mechanical or pilot failure probably caused the air transport crash in California last night which killed 11 persons.

Eugene Vidal, director of the Air Commerce Bureau, expressed this opinion today as the result of preliminary reports on the crack-up.

Vidal also announced that Chief Inspector W. R. Schroeder would leave for the crash scene today.

It is easy to understand the "secret philanthropist." He doesn't want his left hand to know what his right hand is doing to you.

SOCIAL EVENING FOR LIONS' GROUP

Ladies of the Lions' club held the February meeting Tuesday evening with the husbands as guests in the East street home of Mr. and Mrs. G. Earl Williams.

There were 52 present with several guests including Mr. and Mrs. Robert B. Meckelnberg, Dr. and Mrs. J. J. McIlvaine and two new members, Mrs. Charles Hudson and Mrs. J. W. Balentine.

Mrs. R. F. Conway, the president, conducted a brief business session, after which Mrs. J. A. O'Neill introduced Dr. McIlvaine as the guest speaker. He gave a most interesting and appropriate talk on "Abraham Lincoln."

A string orchestra known as "S. W. I. Hawaiians," contributed two delightful numbers. Members of the group are Jean Skunder, John Disarro, Alvin Paradise, Esther Schneitzeinger, Marie and Clara Isolda.

After the program, the men spent an enjoyable hour in the game room, while the women had an informal time together. They met together again for lunch in the dining room, where an exquisite table was laid with a handsome lace cloth, and a centerpiece of yellow and pink spring flowers. Lighted yellow tapers added to the setting.

In serving, Mrs. Williams was assisted by the social committee composed of Mrs. J. B. Leyde, Mrs. Reed Smith, Mrs. A. H. Borland, Mrs. T. I. Elliott, Mrs. B. M. Rogers.

The next regular meeting takes place in March, on the ninth, in the home of Mrs. J. L. Reed, 1207 North Mercer street.

CATHEDRAL CHAPTER EIGHTH BIRTHDAY

Under the capable direction of worthy matron, Mrs. Emma Leslie, Cathedral Chapter, No. 440, Order of the Eastern Star, celebrated the eighth year of its constitution Tuesday evening, with a beautifully appointed dinner party in the Cathedral. The regular meeting of the chapter in the East lodge room, followed.

Tables arranged in the form of a huge star, in the West dining room, were colorfully decorated in the birthday motif where places marked for more than a hundred guests An excellent menu was served, and it was unusual in view of the fact, that the chapter served it as an expression of appreciation of its entire membership and their families, who shared. The large and attractively decorated birthday cake formed the center of the mammoth star, and claimed much attention. It was later taken away by two of the men guests, cut and served as a part of the dessert.

Among the prominent guests present included District Deputy Grand Matron, of District 2-B; Mrs. Lucy Round, District Deputy Grand Matron of District 2-A from Grove City; Mrs. Helen Stone Ramsey who was the district deputy grand matron at the time the chapter was constituted; Mrs. Mae B. Young, Grand Committeeman; Mrs. Mary McBride Beisel and others.

Charter members received a dainty handkerchief during the evening's festivities, and the special guests were each given a similar token, in the form of a miniature corsage The matrons of the district shared these honors, each being recipient of an exquisite linen gift, while Mrs. Lucy Round and Mrs. Helen Stone Ramsey were presented with special remembrances.

Each succeeding past matron of the chapter, gave a resume of her year of service that was especially interesting. Following a lovely tribute was paid the late Mrs. Louella J. Stone, the first matron of the chapter.

Past matrons of the chapter includes Mrs. Lillian Templeton, Miss Mildred Updegraff, Mrs. Edith DeArment, Mrs. Olive Hewitt, Mrs. Jean Henley and Mrs. Edna West, the latter being the only one unable to attend last nights function.

Out of town guests were, Mrs. Ella Young, Mrs. Mary Poehlmann and Mrs. Helen Hartman of Grove City; Mrs. Harriet Hunter and Mrs. Annie Gallagher of Evans City; Mrs. Alice Datt and Mrs. Elizabeth Sautter of Mars, Pa.; Mrs. Anna Pyle and her mother of Butler, Pa.; Mrs. Effa Hennig and Mrs. Margaret Pillifant of Hartford, Conn.

Much credit for the success of the occasion is due Mrs. Ruth Gee, chairman in charge, and her capable committee who co-operated so splendidly.

A wedding supper was served at the groom's home on Milton street, with covers for members of the immediate family and a few close friends. Valentine suggestions predominated in attractive appointments. The groom's sister, Mrs. Mildred McCracken, assisted.

TAXES ARE PAID BY EVERYBODY

THE Twentieth Century Fund's report that the nation's taxes have reached the record-breaking figure average of $100 per capita a year—counting every man, woman and child in the country—possesses timely, painful interest for those who are now filling out their Pennsylvania personal property tax blanks and preparing to comply with the federal income tax demands next month.

Of this $100 the federal government takes $44. Local units collect $36 and state governments $20. More than one-fifth of the national income goes for taxes. The figure would be nearer one-fourth were it not for the extensive borrowing to meet current expenses. This borrowing must, of course, be included in computing the high cost of American government in all its branches.

The difficulty is to make the people of small means realize that they are bearing a considerable share of this increasing tax burden. For they have no receipts to show for it. "Directly or indirectly," says the report, "every individual pays something." The taxes for infants in arms and small children are paid for them. None escapes.

Some day, when the people wake up to this fact, there may be an organized, insistent demand for reduction of the high cost of government in this country. Until this truth can be hammered home to those who imagine they are non-taxpayers the movement for economy will make little headway.

KEEP ON GROWING!

We in America have regarded education pretty much as an individual opportunity. Russia, Italy, Germany have seized upon it to mould youth to certain political and social patterns.

As we have watched the Boy Scout movement in operation here and elsewhere, it occurs to us that here we have a truly national instrument of self-education which is non-partisan—open to every race and creed and class. It says we do not care how you vote, but vote and honestly—we do not care what your party may be, but we urge you to love America and to forget your merely selfish interest, in seeking what is good for America.

February is the birth month of Scouting in America. We greet the Scouts of our community, of our nation and of other nations.

It seems to us as we view the world from our editorial windows, that this spirit of scouting which says to a boy "To be a good citizen you must care about others"—this gets in very close to what its all about in all the problems of our democracy and of world relations.

The "Jamboree" pilgrimage next June of some 25,000 Scouts to the shrines of our Democracy in Washington is full of possibilities of good for America as a whole. Good citizenship rests on attitudes and we believe the Scout "Good Turn" has the spirit of Democracy in it. More power to you Scouts as you get this idea into the lives of more of our boys!

AN ELDER STATESMAN PASSES

Elihu Root died in the midst of an era which must have sorely tried his ardor for clarity and grieved his sturdy spirit. An apostle of world peace, he lived just long enough to see nations arming for further conflict which apparently would set at naught his long labors for international co-operation.

A disciple of party regularity, he observed familiar political lines cleft and labels become confusing. The entire old order which he so valiantly represented had become fluid long before his passing just a few days from his ninety-second birthday. And there probably was little solace in the changing status quo for the oldest American statesman, who has been cabinet officer, senator, law enforcement official and world court sponsor.

Not without cause was he dubbed "Square Root" in his college days. And to his continued integrity of character he added an intellectual astuteness honored the world over. Despite his party orthodoxy, he was an American first and could serve the greater peace cause under President Wilson as vividly as he previously had reorganized the military as Secretary of war under McKinley and later headed President Theodore Roosevelt's cabinet as secretary of state. That in 1912 he could challenge the latter's "Bull Moose" movement attested his essential strength of purpose.

Even at eighty-four, when most men have retired to retrospection, Elihu Root was evolving the Root-Hurst peace formula at Geneva, and two years later was speaking for three hours in Washington, furthering with unremitting zeal his passion for world comity, which was not to be appreciably certified during his lifetime.

Few men in history of comparable cerebral stature have dedicated so many years and such fervor to a major cause of human betterment. Nor does it detract from his assured recognition by posterity that the battle he waged for transoceanic harmony against mankind's impulse appears not yet won.

Surely men who thus consecrate themselves to a great task are cheered by other than actual victories, and such exceptional service to his country's fundamental traditions will continue to bear fruits long after the kaleidoscope of world destiny has replaced the now-disconcerting pattern with something nearer that which he sought.—Philadelphia Inquirer.

What Noted People Say

(International News Service)

NEW YORK—Floyd Starr, who has won fame with his school for juvenile delinquents at Albion, Mich., believes colleges should have courses in marital relations: "Teachers in schools must be trained before they are allowed to have charge of children for a few hours a day, but any trash can become parents."

HOLLYWOOD—Basil Rathbone, film actor, explains why he believes in mental telepathy: "At 12:45 P. M., July 7, 1917, I started to cry while in a hospital. At that exact time my brother was killed by a shell in the front line trenches as he wrote a letter to me."

NEW YORK—Karl Schafer, world's premier figure skater, says he is tired of competitions: "Winning the world's championship seven times is honor enough. I will enjoy skating now that the pressure of defending my championship is removed."

BEVERLY HILLS, Cal.—Clara Kimball Young tells why she and other former film stars were unable to save money: "In my day a star was paid from $250 to $750 weekly and had to furnish her own costumes, pay for her publicity, and otherwise maintain the same standard as present-day stars who earn $3,500 per week."

And chain production is no stronger than a link that sits down.

The Parent Problem

By Garry C. Myers, Ph. D.

LACK OF DISCIPLINE

IN RESPONSE to some recent remarks of mine in this column regarding crime and its prevention, came the following from a young lawyer of the western coast, H. H. Hadaller, whom I have never met, but have quoted before. Submitted for the consideration of my readers.

"Welcome back to God's country. . . . I trust that your stay in foreign lands gave you much to think about, and that your vision is clearer about the things about which you are concerned, and that from time to time you will give your reactions to what you saw heard and experienced. But my salutations this morning have to do with your syndicated article which appeared this morning. . . .

"Who is to blame, the home or the school? And when did this weakness of the home begin, if the home is to blame? and when did the weakness of the school begin, if the school is to blame? . . .

"Forty years ago pedagogues began dumping overboard everything which our forebears handed down to us regarding teaching the young. The crop of students whom they turned out 40 years ago with those damn fool notions about learning and taking things easy, are now the fond parents of another crop of youngsters who are afflicted not only with the modern heresies of teachers, but likewise with the heresies which they parents brought with them from school forty years ago. It's truly laughable. Now the teachers want to bring the parents back into school to teach them over. . . .

Teachers Start It

"But the fond teachers with their delusions started it all. The very men who should have understood this subject of teaching, listened to the siren voice of a poor old Austrian physician about inhibitions, then went on and expanded this delusion to the nth power to give us this chaos in the philosophy of pedagogy, this inexpressibly cruel and deplorable crime wave among youths, and this ever mounting percentage of divorce, with all its domestic tragedy to poor helpless children.

"There's the genesis of this social cancer. They not only listened to that old pettifogger from Vienna (reference is to Freud), but in time . . . making high school curricula look like an advanced university that tries to teach everything under the sun. Their journals splashed tons of ink on perfectly good paper to heap up words upon words, grandiose phrases about the philosophy of education, the technique in teaching and all that folderol, instead of injecting into their teaching some inspiration and perspiration on the subjects that count in practical life. And where does the poor student stand?

"The school practically tells him that his parents are old-fashioned, that they are behind the times, that they know nothing. . . . Discipline belongs to the dark ages. You should let your youngsters express themselves, let them follow their whims and fancies, let them pick a subject and drop it whenever the fancy sways that way. . . ."

How much of the above would you accept? How much would you reject?

HOW BAD!.....HOW GOOD!

How shabby and disreputable that old suit of clothes seems to you, when you're in the store trying on a new suit!

How horrible those old habits of yours seem when you've decided to turn over a new leaf and be different from now on!

How impossible is a child when he's getting a cold and won't eat and fusses about everything and dissolves into tears at the least opposition!

But how charming is that same tyke when he's well and healthy and gay with joy over being alive!

How old a man feels when he's tired and needs a shave and didn't sleep well and his head aches and he wishes he didn't need to work for a living!

And how young he feels when he's had a good sleep and a shave and a shower and the sun's almost as bright as he and life's a welcome challenge to his ability.

How dull the party when the roast didn't cook through and the guests aren't hungry and they don't seem to click and you wonder if the evening will ever end!

But how memorable the party when the dinner is right and the hungry guests eat with gusto and laugh and talk and make a gay, wise pattern of conversation and you're sorry when the end of the party is at hand!

How stupid and ugly the crowd on the street seems when you are in a pessimistic mood!

But how intelligent and interesting all those strangers seem when it's the top of the morning for you!

How miserable a human being feels when he's just failed to do the right thing and knows he was too weak or cowardly to do it!

How strong and serene he is when he has made a difficult decision, and intends to stand by it whatever may happen!

DEAR Miss Markel—My husband my son and I have been invited to an evening function requiring full evening dress. My husband will of course, wear his swallowtail but what about my son who is 15 and very boyish looking? I am willing to buy him evening clothes. Should I? MOTHER.

Answer—As he is too young for a swallowtail suit, he may wear a dinner jacket (tuxedo) which would be more appropriate and entirely correct (even at a formal affair) for a young [illegible] of his age.

Dear Miss Markel—How should wine glasses be arranged on the dinner table? READER.

Answer—They should be set in a straight line at the right of the water goblet, or grouped to the right of a water goblet, a little toward the center of the table.

THIS IS WHAT we hear from our observers:

The child labor amendment finally will be ratified by the necessary 36 states (three-fourths) prior to the end of the year.

President Roosevelt's supreme court proposals will have a comfortable majority, even in the senate, in spite of vociferous opposition.

Liberals will continue to fight for a constitutional amendment to curb the court.

The largest mail order houses broke all records last year—but January floods and the General Motors-union deadlock have cut somewhat into the figures so far this year.

NOT FOR THEM!

No senator or representative can be appointed to one of the new judiciary jobs, in spite of pictures in the papers. The constitution forbids. Read Section 6, Article 1: "No senator or representative shall, during the time which he was elected, be appointed to any civil office under the authority of the United States, which shall have been created, or the emoluments whereof shall have been increased during such time."

That, of course, does not apply to filling the jobs of supreme court justices who may resign. But it does apply to any newly created justiceships of the supreme court—and to the 50 new district judgeships which the president desires created.

* * *

CAR LOADINGS

With industries in flood regions getting back to normal, car loadings are expected to break all records since the depression set in. That would be certain if peace could be guaranteed in the General Motors-union situation.

DUPONT EARNINGS

Profits of E. I. duPont de Nemours & Co. from chemical operations reached a record high in 1936—having been $52,965,490, a gain of approximately 30 per cent over 1935. Income from General Motors' dividends amounted to an additional $44,004,389, an increase of $22,497,720 over 1935. DuPont's total net income last year was $89,884,449, against $62,085,410 in 1935.

The World AND THE *Mud Puddles*

WORK AND WORRY.

If we would follow the Decision in a famous Georgia law suit to its logical conclusion, perhaps it would appear that "weary Willies" and people in general who are afflicted with "hookworm", particularly, some employees of the Government, have been more sinned against than sinning. It is hard to change our mental attitude in this respect. Many and many a time, we sat wearily in a hot, stuffy office, slaving to keep up appearances, have we wondered what was the use of it all. Why not go back to nature like our friend, the "hobo." What wonderful pictures did we conjure up of ourselves, without a care in the world, self-sufficient, lying in the shade near a tinkling joyous brook; what did it matter that the bristles on our face would be more than enough to keep a goat for a week. We were free and could look at work and never budge.

But now comes the Georgia Judge, although in different circumstances and conditions entirely, and allows the following instruction to stand:

"And I further charge you in this case that the loss of ability to labor is pain and suffering."

The Decision in its application, however, is undoubtedly right and we would not disturb it, for the court went on to say:

"It was alleged and proved that the plaintiff, as a result of the injuries received, was unable to do his accustomed work and suffered great mental anguish and physical pain, it was not error to admit the following testimony of the plaintiff: "The fact that I have not been able to work and carry on my duties as I was accustomed to do before has worried me."

A thirty hour week ought to be viewed from this standpoint as something which would be very painful to the worker.

WAKING THE BOY

At morning many a doting dad
Says: "Well, it's time to wake the lad!"
And up the stairs he flies,
Then from that slumbrous healthy form
He jerks the covers, snug and warm
And bids the youngster rise.

'Twas thus my father wakened me.
And thus, the task next mine to be,
I woke that boy of mine,
And thus, so long as morn shall break
All fathers will their youngsters wake
At seven or eight or nine.

But yanking covers from their beds
Does little for those youthful heads
Which locked in slumber lie.
What can we do the while they drowse
Their dormant spirits to arouse
To rise as time goes by?

What method can we find to take
Some deep ambition to awake?
What covers pull away
Which hold them fast and shut their eyes
Unto the golden chance that lies
Ahead of them today?

How can we break that slumber deep
Which holds their spirits fast asleep?
What prize or golden cup
Will rouse in them the will to win,
To work, to fight through thick and thin
And really get them up?

Today's Yesterdays—Feb. 10, 1665—Philip Carteret was commissioned first governor of Nova Caesaria, of New Jersey, by King Charles II. He quickly regretted it. Governor Andros of New York claimed jurisdiction over the territory, and soon after Carteret arrived at Elizabethtown with 30 settlers, Andros had him abducted and clapped into jail. Three times Andros sent out a jury with instructions to convict Carteret of this or that—or anything. Three times the juries acquitted him.

Feb. 10 1899—Spain lost her last possession in the western world, which once was virtually all hers. President McKinley signed the treaty of peace ending the Spanish-American war, transferring possession of Phillippines, Guam and Puerto Rico to the U. S., and establishing independence of Cuba. Administration Leaders Move For Draft Of Reapportionment Bill In Harrisburg

(International News Service)

HARRISBURG, Feb. 10—Administration leaders on Tuesday moved in hop-skip-jump manner toward the reapportionment of legislative districts in Pennsylvania.

The house committee which will draft a plan was selected by the rules committee and will be headed by Rep. Frank J. Zappala, D., Allegheny, who had taken the initiative in the fight to eliminate lop-sided districts.

Other members of the committee are representatives Harry J. Brownfield, Fayette; James E. Lovett, Westmoreland; Michael C. Chervenak, Jr., Cambria; Robert N. Bierly, Luzerne, and Samuel C. Spengler, Dauphin, all Democrats.

It was a question when the senate committee would be selected. State Democratic Chairman David L. Lawrence was in Washington on Tuesday, attending a conference with Gov. George H. Earle and federal officials.

Zaralla said he would start his committee to work immediately. Although open differences on the subject have already developed, administration pressure was expected to quiet recalcitrant legislators who fear district losses through the new reapportionment.

The congregation will be asked to read the Four Gospels and the pastor will present a gift to the person discovering the largest number of "promises" contained therein.

JUNIOR READING CIRCLE BRIDGE

At their last business meeting, the Junior Reading Circle made plans for their annual Bridge. It is to be held Thursday, February 18, at 8 o'clock, at the J. R. Frew Co.

President Elizabeth Dietterle appointed Edith Cleaveland as general chairman and Edith has asked the following girls to help her: Tickets—Fern Cloak, Genevra Hazen, Jane Meyer. Prizes—Dorothy Sankey, Peggy Griffith, Laura Whitlach. Tallies—Mrs. Katherine Hyde, Harriet Owens, Frances Carlin. Refreshments—Ione Farver, Mrs. Anna Mae Smith, Jane Lloyd, Gretchen Smith. Table and chairs—Virginia Armstrong, Mary Virginia Harris. Reception—Eleanor Magill, Edna M. Sheaffer, Helen Sheaffer.

The girls plan to use the proceeds from this bridge in any project work that they may take up. Last year they gave a donation to the Red Cross, sent a girl to Scout camp and at Christmas they took care of a needy family. They plan to undertake a greater project this year—that of buying shoes for needy school children. Mrs. A. Pearson Furst is the club's advisor from the Senior Reading Circle.

NEWLYWEDS HOSTS AT DINNER PARTY

Mr. and Mrs. John Wood, a bride and groom of January, this year, were hosts at a dinner party in their home on DuShane street Sunday evening, having immediate relatives as guests. Among the participants was a sister-in-law of the latter, Mrs. Bertha Thomas.

Honoring her son Billy, who became six years old on February 9, Mrs. Eunice Johnson, 22 Sumner avenue, entertained a group of his boy chums at their home Monday afternoon from 4 until 6 o'clock as a medium of celebrating.

The "stag" affair proved a most enjoyable occasion, and a variety of interesting games and contests claimed much attention. Prizes were won by Ned Vidol and Dickie Cole for their success.

When lunch time arrived, the boys were seated about the dining room table which was colorfully decorated in Valentine tones, red and white being the predominating theme. A large white cake topped with small lighted red candles, formed the centerpiece. The hostess was assisted with the menu by her mother, Mrs. William Wilson.

Master Billy received a collection of handsome gifts as mementoes of his birthday.

KENSINGTON GUESTS AT MARKER HOME

Bridge and bingo were in play, with Miss Mollie Lee of Akron, a visitor, winning the award in the former contest, and Mrs. Roy Griffith in the latter. To add further pleasure to the affair, Mr. Marker contributed several piano solos.

There was an open church ceremony in the Holy Cross church of West Pittsburg, with the pastor, Father Mueller, officiating with the single ring ceremony. The bride was attired in a very becoming floor length satin gown, with trailing white lace veil falling from a cap of seeded pearls and dewdrops. She carried Easter lilies and baby's breath.

There were the following bridesmaids and ushers: Dorothy Daugherty, of Hoytdale, the bride's sister; Mae Daugherty, of Hoytdale, another sister, and Betty Straley, a cousin of the bride; John De Monaco, Mickey Pavkovich, George Braykovich, brother of the groom, all of West Pittsburg.

A wedding dinner was served in the groom's home to the bridal party and immediate families, close relatives and friends. A supper was served at 8 o'clock to a still larger number of guests.

Honoring her daughter, Juliann Kurdupski, Mrs. J. Kurdupski entertained 50 guests in their home at 31 West Miller street Sunday evening, taking the former by complete surprise. The event was in celebration of her birthday anniversary.

A buffet lunch was enjoyed later, a color scheme of red and white featuring the Valentine motif being used throughout in the appointments. The hostess was aided by her daughters Mary and Ida, Mrs. F. Most delightful was Tuesday evening's meeting of the Neisner Efficiency Club held in the home of Misses Mayme and Sylvia Levine, on East Lutton street.

Future Floods Must Be Curbed

Man Who Led Dayton Out Of Flood Misery Discusses Situation

MORE THAN LEVEES MUST BE PROVIDED

By L. W. MEREDITH
International News Service Staff Correspondent

WASHINGTON, Feb. 10—The greatest flood in history now pouring down the Mississippi river from the Ohio, a flood that has cost more than 400 lives and caused an estimated $500,000,000 damage, may be exceeded by even greater floods.

But future floods can be curbed and their toll diminished, according to the man who led Dayton, O., out of a year of flood misery.

He is Dr. Arthur E. Morgan, chairman of the Tennessee valley authority which is speeding to completion one of the biggest unified plans ever developed on one major watershed in this country.

"No one knows what the greatest flood may be, or when it may come," Dr. Morgan said.

Levee System Holding

"This year's flood swept away the bulwarks built along the Ohio against the great 1913 flood. True, for the major part, the Mississippi river levee system is holding. But it is holding against only the flood waters from the Ohio. What if the Missouri, the upper Mississippi and other tributaries were pouring additional floods waters into the lower Mississippi? And no one knows when such a condition might arise."

But Dayton, which suffered one of the major flood disasters of history in 1913, with a loss of more than 400 lives, property damage of over $100,000,000 many deaths from illness and injuries after the flood, and 40 persons driven insane, has escaped flood ravages since, because Dayton builded against, not that flood crest, but more than double. And at a cost of less than one-third of the flood property damage. The cost was $32,000,000.

"Every flood, every watershed, even every tributary in a watershed, presents a different problem," said Dr. Morgan, who was chief engineer on the Dayton flood-control program.

"We found that out in Dayton. We examined every known flood condition, and flood record, and flood remedy.

Used Many Methods

"When we started working on the flood-control program for Dayton, I didn't think that reservoirs provided the answer. But we studied every angle—levees, spillways, channel-deepening, reservoirs. And we used part of all of them. We started building against a 90,000,000 cubic feet per second flow—which was somewhat larger than the 1913 flood flow. Construction work actually had started—when another flood came that was 250,000,000 cubic feet per second.

"All of our plans were extended. The plans were revised to take care of an even greater flow. The result has been that Dayton has escaped the ravages of flood waters which took such toll in 1913."

What is the answer to the flood problem?

"The answer is multiple," Dr. Morgan said.

"For forty years the only system considered in the United states was levees. But we are beginning to find out differently now. Every move that can be made to control flood waters must be utilized—levees, cut-offs, reservoirs, channel deepening, land cover. This one thing is paramount. Engineers can make mistakes.

"We believe we are meeting all problems in the Tennessee river valley."

This service is being conducted at the same time in all parts of the world. It will open at 10 a. m. with a consecration service, followed by a roundtable discussion on prayer by members of various churches. Luncheon will be served at noon. The afternoon program will open with a devotional service after which a missionary message will be heard.

Long Service As Sessions Clerk Ended By Peebles

Plaingrove U. P. Clerkship, In Same Family 63 Years, Passes To New Hands

After being 63 years in the same family, the job of clerk of the session for the Plaingrove United Presbyterian church has been turned over to Frank Adams.

James Peebles, who was elected to the position on February 23, 1912, to succeed his father, Robert Peebles who had served for 38 years, resigned at last Saturday's meeting of the session in the Plaingrove U. P. manse

James Peebles was clerk for 25 years. He attended to his work faithfully and well, just as his father did before him, and the service given ov the Peebles family will long be remembered by the congregation The retiring clerk is living in his fourth score of years, is in good health and vitally interested in his church. He is rarely absent from the public worship on Sunday nor from prayer meeting on Wednesday evening. His son Robert, is the president of the church board of trustees.

The resignation was accepted by A. G. Hamilton, J. G. McKissick, Frank Adams, members of the session, and Rev. J. C. Fulton, moderator, with regret that Mr. Peebles found it necessary. Mr. Peebles had wished to resign a year ago but he had been persuaded to complete his 25 years as clerk.

Eliza Round to Bicholas Payto, Union township, $1.

Lee Parker to Wade Thomas, Ellwood City, $2200.

Pittsburgh Company to B. E. Zeigler, Ellwood City, $300.

Beaver County Trust Company to David Shapiro, Ellwood City, $8600.

H. B. Henry to New Brighton Building and Loan Association, Ellwood City, $3750.

While there will be a few minor changes in the total, the assessed valuation for county purposes is now in the hands of the county commissioners. According to the figures turned in by the assessors of the various wards, boros and townships, the total assessed valuation for Lawrence County for county taxes, is $67,389,290.

As usual, New Castle's assessments are higher than any other part of the county, proportionately. Of the total of $67,389,290, New Castle is assessed $42,020,694 or approximately 63 per cent. Ellwood City's total is $6,849,612 or slightly less than ten per cent of the total. The balance is divided among the other boros and the townships.

New Castle's second ward has the peak of the assessments. This ward's assessed total is $15,660,509 or about 23 per cent of the entire county. The other wards are assessed as follows: First, $4,459,045. Third, $3,931,005. Fourth, $6,440,429. Fifth, $2,656,224. Sixth, $2,177,520. Seventh, $3,144,995. Eight, $3,350,967.

The highest total assessment for any township is that of North Beaver $1,549,202. The total for the county is about one million dollars less than 1936. Ellwood City's total is reduced $138,479 from 1936.

The totals as presented by the county commissioners represent the combined guesses of the county assessors. There is slight semblance of equality in the assessment and all three of the commissioners have complained vigorously of the slipshod work of some of the assessors, claiming that they have deliberately put the assessments far below what they should be.

Under the law assessments are supposed to be made at one hundred per cent of what is thought to be a fair value. Every assessor has his own ideas. Some assess at what they believe to be forty per cent of the value, one said he assesed at what he thought the taxpayers could afford to pay.

"There is only one remedy for this inefficient method of making assessments" said County Commissioner Joseph Hannon, "and that is a state law setting up a board of assessors for the county. Some of these assessments are flagrantly low There is no equality in the assessments In some townships farms will be assessed at fifteen or twenty dollars per acre and in adjoining townships where the land is just as good but no better, the assessments will be at $45 per acre. The same inequalities hold in the city and in the boros. The second ward of New Castle is always high in comparison to some other wards and in comparison to other parts of the county"

With the assessments figures in, the salary board will meet in a few days and inside of the next two or three weeks the tax levy will be set.

The loss in assessment values over 1936 will be offset it is thought by the four mill personal property tax which will be collected and this year the commissioners have the data before them from the state. Some interesting facts have been unearthed in the filing of personal property tax returns. Over a million dollars worth of securities have been returned this year in a group of returns numbering not more than eight. The commissioners estimate that they should get a four mill return on about $12,000,000 worth of securities that heretofore have never been returned.

The registry book in the office of Register and Recorded William R. Hanna reveals an interesting fact. On Tuesday, 451 papers had been filed in the office. On the same day in 1936 only 229 papers had been filed. All of which indicates that the personnel of the office has been busy this year.

Sheriff Edward D. Pritchard has received telegraphic authority from Barbara M. Danford of the Ohio welfare department to return Peter B. Cox to Youngstown in the care of the sheriff there, at the expense of Lawrence county. Cox is man of believed unsound mind and recently was hit by an automobile. He was removed to the hospital but became so violent that he was taken to the county jail and put in the padded cell. He will be taken to Youngstown.

And for a last line. Don't forget that February 15 is the dead line for the return of personal property tax.

WASHINGTON AT A GLANCE

Senate Holds Key To Problem

Fate Of Roosevelt's Federal Court System Depends On Senior Body

LARGE BLOC IS UNDECIDED

Central Press
Washington Bureau
602 Times-Herald Bldg.

By CHARLES P. STEWART
Central Press Columnist.

WASHINGTON, Feb. 10. — The fate of President Roosevelt's plan to modify the American federal court system depends on the senate.

Such is the consensus of Capitol Hill's opinion.

Betting odds favor the acceptance of the program by the representatives substantially as outlined. As to the senate, unofficial polls give approximately 31 votes to the president with 23 against him, but this leaves 42 in doubt. Of these a majority probably have not made up their own minds yet. So large a doubtful bloc obviously makes guessing uncertain.

* * *

CHIEF RECOMMENDATION

For practical purposes all details of the presidential recommendation can be disregarded except one:

The suggestion that president be empowered to appoint an additional supreme justice up to a total bench of 15 for each member of the existing bench of nine past 70 years old if at that age he neither resigns nor retires.

Various other readjustments, especially as to the lower federal courts, also are argued but relatively they are immaterial. The supposition is that they will effect a judicial improvement. Maybe so, but that is not the nub of the presidential recommendation, which manifestly is intended to enable the present administration to transform the predominantly conservative tribunal of today into a predominantly liberal one. If all the remainder of the plan is adopted but not that item, then the whole thing fizzles from the New Deal's standpoint.

Of course as a supreme court justice dies, occasionally the court's complexion gradually can be made over, but the process is too slow for the New Dealers.

They want to complete a governmental reorganization now and the supreme court delays them. They may be out of office after 1940 Even if another New Administration succeeds them they want the credit of having finished their task in their own political generation.

They want to leave what diplomats call a "fait accompli"—an accomplished fact.

They cannot do it with an adverse supreme court majority overruling them.

* * *

CONSERVATIVE—NATURALLY

The supreme court naturally is conservative because the United States has been very conservative until recently. Therefore, appointments to the supreme bench in the main have been conservatively dictated.

Being a fairly permanent body it has not had time yet to reflect increasingly liberal national tendencies.

If these tendencies continue, as seems likely, the court by degrees will liberalize itself by successive replacements but the New Dealers are indisposed to await them. In the long run, the New Dealers could accomplish their purpose by a constitutional amendment, but that is too slow. To seek a short cut is their objective.

* * *

SIT-DOWN STRIKE?

The supreme court's weakness is that it is not a popular body. The president is human. Senators and representatives are individually chatty and agreeable. Supreme court justices are too dignified for popular favor.

But they can do one thing:

Out of nine of them there are five whom the president wants to get rid of as over 70. They can declare a sit-down strike and hang on indefinitely.

TRY THIS WAY TO QUICKLY RELIEVE ECZEMA ITCHING

If your skin is broken out with "fiery" or "weeping" eczema, you want to relieve the intolerable itching and burning as quickly as possible. Resinol Ointment does this and also combats the irritation caused by eczema—its oily base being ideal for penetrating the outer layers of the skin and securing deeper action.

Wash the affected parts with warm water and Resinol Soap. It is especially suited to tender skin—soaps containing too much alkali may irritate. After washing off scales and crusts, pat dry with a soft cloth. Do not rub.

Apply a thin layer of Resinol Ointment, letting it remain for several hours. Apply again liberally at bedtime leaving on all night. The longer Resinol is in contact with the skin, the more good it does.

Buy Resinol Soap and Ointment in any drug store. Sample free. Write Resinol, Dept. 16, Balto., Md.

Harry E. Sheldon Called By Death

Founder And President Of Allegheny Steel Dies At Age Of 76, Was Pioneer

(International News Service)

PITTSBURGH, Feb. 10.—Harry E. Sheldon, founder and president of the Allegheny Steel Company and a captain of industry who typified the "self-made man," died at his home here today. He was 76.

Sheldon began his career as a boy in the employe of the sheet and steel mill of the Kirkpatrick Company at Leechburg, near Pittsburgh, and rose rapidly. From his start as a laborer at 90 cents a day, he went to the rolling mill, then to the sheet mill, and finally to the managership. He remained there until in 1900 U. S. Steel absorbed the company. In that year, he and his father-in-law, the late Capt. Alfred Hicks, founded Allegheny Steel with a capitalization of $300,000.

Sheldon acted as general manager until 1908 when he became president, a position he held until his death. At the age when most men were thinking of retirement, he was active at the plants at Brackenridge, up the Allegheny from Pittsburgh, every day, supervising the work.

Two Democrats Assail Judiciary Reform Program

Bitterly Attack President's Proposal To Revamp Supreme Court

(International News Service)

WASHINGTON, Feb. 10.—Two Democrats, Reps. Cox of Georgia, and Lamneck of Ohio, in speeches before the house today bitterly assailed President Roosevelt's plan to revamp the supreme court.

Taking the floor shortly before Rep. Sumners (D) of Texas, introduced bills permitting supreme court justices to retire at 70 and providing for the attorney general to intervene in constitutional cases, Lamneck pleaded with the house to defeat the president's proposal as "unfair, un-Democratic and un-American."

Declaring that congress, with the exception of the bonus bill, has permitted President Roosevelt to "do our voting for us" the Ohio Democrat said:

"That is the reason we are called 'rubber stamps', and I will say it is not without justification. I hope the time has come when we will meet this challenge and serve notice that the executive should occupy his position, that the judiciary shall occupy its position, and that the legislative branch will do the job the constitution intended it to do."

Vigorously defending the members of the supreme court, Lamneck asserted it "strange that age should be given as a reason for change in this day when men's lives are of longer average duration than ever before." He named a list of famous chief justices, including John Marshall, all of whom, he said, were past 70 when they served.

Want Committee To Look After Famous Author

(International News Service)

NEW YORK, Feb. 10.—Edward Markham, author of the famous "Man With the Hoe" and 84-year-old dean of American poets, today had been declared by a Brooklyn jury incompetent to manage his own affairs.

The jury returned the decision after the poet's sister-in-law, Miss Mary Murphy, asked that a committee be appointed to look after his interests and supervise his personal activities.

The poet, who appeared in court for the hearing, listened intently as two neurologists testified he was suffering from encephalitis, which might cause him to lose his memory suddenly if he were permitted to go about unattended.

The physicians said he can remember past events, but has virtually no memory of current or immediately past happenings.

Steel Shipments Are Much Higher Than Year Ago

(International News Service)

NEW YORK, Feb. 10.—U. S. Steel Corp. shipments of finished products in January were the highest for the month since 1929 and the biggest for any single month since May, 1930, Myron C. Taylor, chairman, announced today.

Shipments last month were 1,149,918 tons, up 82,553 tons from December and 428,504 tons over the same 1936 month. In January, 1929, shipments were 1,267,823 tons and in May, 1930, 1,207,385 tons.

The further gain in shipments reflected the high rate of operations with production for the industry last month and currently the highest in years.

Shipments last year were the best since 1930 and totaled 10,825,132 tons compared with 7,371,299 in 1935.

Dreamed Husband Had Been Killed, He Is Found Dead

(International News Service)

NEWARK, N. J., Feb. 10.—Mrs. Elizabeth M. Harris, of Easton, Pa., sought refuge today at the home of a sister in Philadelphia after she had a bad dream that turned out to be tragically true.

On Monday night she dreamed her husband, William Harris, 60, who left Easton Monday morning on a bus, had been killed in an accident.

Alarmed, she came to Newark yesterday and, after failing to locate her husband, who was employed as watchman on a railroad construction job here, appealed to police to aid in searching for him.

Last night a police emergency squad forced entrance to a vacant building and found Harris on the floor—dead. He was believed to have suffered a heart attack.

Community Fathers-Sons Banquet Program Develops

New Castle's community fathers' and sons' banquet celebration plans moved forward under full speed today as General Chairman Alfred H. Owens announced the eight committee chairmen who will manage various phases of the program.

Judge Benjamin Lencher of the Allegheny county courts, has been announced as the principal speaker for the city-wide dinner in the Cathedral on Friday evening, February 26. Tickets were out today.

Managing Arrangements

Handling the arrangements will be:

Tickets, John R. Hodge and Daniel H. Treloar, Jr.; speakers, Lauri Laurell; dinner, John O. Huston; publicity, A. Bruce Ewing; program, Attorney Joseph R. McFate; finance, Donald Thompson; service clubs, W. Herbert Smith, and seating, Alec Samuels.

Owens and all other chairmen are members of The Townsmen, the young men's service group which has assumed the sponsor role. Assisting The Townsmen, which Dean M. Staley heads, are Marcus Feuchtwanger, Louis B. Round and other civic leaders.

The community event, planned to take the place of smaller fathers' and sons' affairs, is expected to draw a mammoth crowd to the Cathedral.

The complete program is now in the formative stage.

AROUND CITY HALL

Police face odd situations, probably none more humorous but one easily understood, which they met day before yesterday. It appears a dog's barking annoyed a certain neighborhood and somebody telephond "the law". This brought a cruiser car wtih a bluecoat to the place where the dog barked. The woman of the house was asked to make the dog stop barking. She replied, in effect, that she could tell the dog to keep quiet but he wouldn't but he would stop barking when his master arrived home from work and gave the word.

Although there is reported to be considerable influenza in the city the health docket at the city bureau of health does not show a big increase in communicable ailments, such as measles, chickenpox and whooping cough. Very few cases of scarlet fever have been reported during the past few months.

During the administration of Mayor Charles B. Mayne he was worried with the problem of what to do about cows stabled in the city. He finally ordered the owners to rid the city of the cows. The present mayor, Charles E. McGrath, has a pig problem confronting him, a complaint having said several are kept in the seventh ward. He indicated the ordinance which not only bans cows but also porkers will be enforced.

It's an ill wind that blows no good, the old saying goes, to which perhaps Rex Hughes, the city electrician, will attest. The owners of the ball machines who lost their property by confiscation during police raids, also lost their investment, but Hughes will receive the armatures, magnetoes and springs when the machines are taken apart at the city police station. He can use them in his work. The slots and one ball machines now at the city hall probably cost a pretty penny. Such gambling devices are taboo, police warn.

Robert Sullivan Admitted To Bar In Cleveland, O.

Robert Sullivan, Known Locally, Works Way Through College To Become Lawyer

Get Rid of Excess FAT with this SAFE DRUGLESS Treatment

Do you feel as though you have a rubber tire around your stomach? Do your fat arms distress you? Is your face pudgy looking because of surplus flesh? Does that layer of fat across your back and shoulders classify you as "fat and forty"? If so, you'll be interested in WATE-OFF, the pure vegetable tablets for weight reduction. WATE-OFF is guaranteed safe and harmless, and yet is amazingly effective, as testified to by thousands of users, many of whom gratefully report reductions of 5 pounds a week and even more, and with great benefit to their health and general well-being. WATE-OFF is a compound of pure vegetable matter and herbs. It is absolutely free from drugs and so guaranteed. It contains no dinitrophenol or other dangerous drugs—no reducing salts or other harmful laxatives that physic the system and leave the skin loose and flabby. WATE-OFF, on the contrary, enables you to take off weight—gently—gradually—without the slightest harm or danger. Instructions say: Take 3 or 4 tablets a day, before meals, then eat your hearty fill. "Results," say users, "are simply amazing." Unsightly fat seems to melt away like magic, leaving no saggy, flabby skin or broken-down tissue. You've seen WATE-OFF advertised in Pictorial Review, Physical Culture and other leading magazines at $2.45. Now we offer it to you for only $1.19 with the understanding that if you are not satisfied with the results, you have the privilege of returning the empty carton and we will return your money.

Quiet Restored To McKeesport High School

Students Win Sit-Down Strike Against Lunch Period Ruling By Principal

(International News Service)

McKEESPORT, Pa., Feb. 10.—Quiet returned to the McKeesport high school today after students won a brief but very noisy strike against curtailment of their lunch period liberties.

About 1,200 of the school's 3,500 pupils walked out, some of them engaging in a sit-down strike in the corridors, and 22 were arrested by police before order was partially restored.

Intervention of Steve Smoke, senior class president, ended the walk out, and Superintendent James H. Lawson agreed to withdraw temporarily his lunch period orders. Because of complaints from neighbors that the students were raising too much of a fuss during the lunch hour, Lawson promulgated a set of rules the effect of which would be to confine the students either to the cafeteria, their dining rooms at home, or their classrooms.

But of course it would be rude if an actor publicly said to a critic: "Your work is getting rotten, too."

Pennsylvania Has New Child Bride

Catherine McNamee, 14, Weds Mahlon Pence, 19, As Parents Of Both Look On

(International News Service)

PHOENIXVILLE, Pa., Feb. 10.—Pennsylvania awoke today to find itself with a child-bride of its own.

The new child-bride is Mrs. Catherine Pence, 14-year-old parochial school student and daughter of Mr. and Mrs. Joseph McNamee, of Phoenixville. She was married last night in the rectory of St. Mary's Catholic church to Mahlon Pence, 19, who has boarded with the McNamee family for the past several months.

The marriage ceremony was witnessed by the parents of both the bride and bridegroom. Pence's parents, Mr. and Mrs. Joseph Pence, live at Port Providence.

Buffalo Hunter Given Freedom

(International News Service)

CLARION Pa., Feb. 10—On the petition of a number of Clarion county residents, Charles G. Swartzfager, of Buffalo, N. Y., was free on parole today from a two year sentence for killing a youth in mistake for a deer.

Residents of Fryburg, where Swartzfager once lived, signed the petition which was granted by Judge Harry H. Rimer after the hunter had paid $1,000 to the parents of George H. Karg, 17, his victim. Judge Rimer ordered Swartzfager not to hunt in Pennsylvania for ten years.

Local Navy Man Home On Furlough

After having made a notable record at the training school at Newport, R. I. Teddy Kuharski is visiting at his home 33 Elmwood street, on a 15 day furlough from the United States Navy.

Kuharski has just completed his required three months training course, and due to his excellent ability, aptitude and good influence on his fellow shipmates, was awarded three days extra leave of absence. He ranked as one of the highest men in his company.

Upon the completion of his leave, he will leave for the West coast where he will be assigned to a vessel for sea duty.

Veterans

HERE IS NO. 2

Four Reasons

WHY I SHOULD ENTER THE CONTEST TO NAME THE NEW VETERANS SECTION IN CASTLE VIEW BURIAL PARK.

Reason No. 1--Because the Prize: Family Burial Estate No. 1 In the New Veterans Section Is Worth $500.00 of Anybody's Money.

Reason No. 2--Because I Have As Good A Chance As the Next Vet to Win the $500.00 Prize Family Burial Estate.

- The contest is an easy one. My idea of the name for the New Veterans Section in Castle View might just catch the judges' eyes.
- I may enter as many names as I choose and so give each member of my family a chance to help me pick the winning name.
- The judges don't want anything flowery—just a name that will seem appropriate to Vets like me.

English Radio Listeners Get "Real Shock"

Actor Mistakenly Says "Mrs. Simpson" Over Air In Place Of Mrs. Gibson

(International News Service)

LONDON, Feb. 10—How he gave Brishish radio audiences their greatest shock in years was revealed today by John Rorke, the first man ever to mention the name of Mrs. Wallis Simpson over the chain of the government controlled British broadcasting corporation.

Listeners all over England were startled to hear a chorus sing:

"We've come along this evening
"And one and all we feel,
"We wish that you could see us,
"For we've all got sex appeal."

Then: "Oh, Mrs. Simpson!" cried Rorke into the microphone.

Seven minutes of the musical revue in which Rorke was a leading actor were immediately cut off. There was an embarrassing silence, then an announcer said: "We apologize to all the listeners for the unfortunate lapse of taste which occurred earlier in the program."

"I was supopsed to say: "Oh, Mrs. Gibson," explained Rorke. "The whole thing was a terrible mistake. I can't imagine how that other word slipped out."

Asks Damages For Death Of Husband In Drowning Case

(International News Service)

PITTSBURGH, Feb. 10—Mrs. Margaret Klinseisen, of Monaca, whose husband, Alois Klingseisen, was drowned while operating an outdoor motorboat in the Ohio river, near Rochester August 25, of last year, today had on file in federal court here an admiralty suit seeking $25,000 damages from the Costanso Transportation company of Wheeling, W. Va., which operates steamers and barges in the Ohio river.

She alleged that while her husband was endeavoring to start the motor of his stalled boat, the craft drifted into the channel and was run down by a steamer of the defendant company. She charged negligence on the part of the operators of the boat, contending they gave her husband no warning or attempting to alter the course of their boat.

Commission Has Report Ready

Local Government Commission Makes Several Major Recommendations To Assembly

(International News Service)

HARRISBURG, Feb. 10.—Recommendations to eliminate so-called ox-cart government from Pennsylvania, including the consolidation of all public assistance agencies involving public funds, was placed before the General Assembly today.

They came in the form of the report of the local government commission which, in the same breath, asked for $20,000 to continue its investigations and made ready to introduce bills embodying the current recommendations.

Many Recommendations

Created in 1935, the commission did not recommend any changes in existing local codes or structures and emphasized no consolidations should take place without proper referendums.

Besides placing itself on record in favor of some form of civil service, the commission also recommended:

Abolition of all constitutional officers except county commissioners, a controller and district attorney, to permit the future county reorganization; that the commonwealth take over the cost of maintaining mental patients; the commonwealth be liable for the costs of primaries and general elections in even-numbered years, and "modernize" election laws; creation of county assessment boards in all counties; synchronization of tax and fiscal years; the commonwealth furnish tax collectors' bonds; a graduated income tax, and joint purchasing by local units.

Arrest Driver After Accident

Following an automobile wreck at South Mill and Taylor streets at 4:25 a. m. today, Cruiser Police Allgier and Fleeger arrested Thomas Natale of 514 North Cedar street on suspicion of operating a motor car while intoxicated. He was yet in the city jail this morning.

According to the policemen's report, Natale's car struck an auto driven by Vincent Audino and also a street sign post at the intersection. Police summoned a physician who examined Natale and he was held pending disposition by Mayor Charles E. McGrath.

Some one should tell lawyers to purge their ranks of crooks, but which profession is pure enough to start an argument?

District Miners' Officers Meet To Fix Wage Demands

P. T. Fagan And District Officers Meet In Pittsburgh To Consider Demands

(International News Service)

PITTSBURGH, Feb. 10.—P. T. Fagan, president of district No. 5 of the United Mine Workers of America, and his district officers met here today with the seven members of the district board to formulate their demands for submission in forthcoming wage negotiations with Appalachian district operators in New York.

The New York negotiations will begin next week in an attempt to draw up a new contract to replace the one expiring April 1.

The purpose of the meeting here today was to formulate demands which will be submitted Friday at a meeting in Washington of the policy committee of the union. The policy committee will draw up the demands to be submitted in New York and based upon the recommendations of the district committees on behalf of the nation's 500,000 soft coal miners, about 40,000 of whom work in the Pittsburgh district.

Present at today's meeting with Fagan and the district board were William Patton, district vice-president; William Hargest, secretary-treasurer, and Jack O'Leary, international organizer, and the following members of the scale committee elected by the men in the pits: Terrence Feeney, sub-districts 1 and 2; Harry Wadsworth, sub-districts 3, 4 and 5; Fred Harpert, sub-district 6 and part of 7, and John Zaradnick, sub-district 7. They will pass upon the recommendations of the local and submit those they approve to Washington.

Three Local Men Enlist In Army

Edward Krisuk, son of Mrs. Susan Krisuk, Tony D. Cipriani, son of Mrs. Clara Cipriani, both of Center Way, and Nicholas Occhibone, son of Mrs. Virginia Occhibone, 24 East Reynolds street, were enlisted in the United States Army service through the local recruiting office.

According to recruiting officer, Corporal George Trebesh, the young men are now enroute to New York where they will await the arrival of the army transport for sailing to the Hawaiian Islands. They will serve in the army infantry, for a period of three years.

BETHLEHEM BAPTIST REVIVAL SERVICES TO BE CONCLUDED SUNDAY

The revival services at the Bethlehem Baptist church, 9 East Reynolds street, are continuing through this week and will end on Sunday, February 14.

Rev. Samuel Baker, pastor of the Clifton Flats Mission, is bringing very forceful messages to nearly a full house each evening, and there have been several conversions. Sam Burroughs, a gospel singer of well known reputation, will be singing two nights this week. There will be other well known singers at the rest of the meetings.

Parking Meter Regulations To Be Altered Some

SHARON, Pa., Feb. 10.—In an effort to pacify motorist who object to paying a nickel for parking in downtown State street and merchants who fear loss of trade, city council on Tuesday authorized two changes in the ordinance governing the use of parking meters, installed 10 days ago.

The changes provide one hour instead of half-hour parking and use of the meters until 6 p. m. daily, instead of until 9 p. m. These moves, the solons believe, will remove the two main objections to the meters. They will become effective as soon as new instruction plates can be made and placed on the meters.

Quarantine Law Violation Charged

(Special To The News)

GROVE CITY, Feb. 10.—Local health board officials cracked down on violations of quarantine restrictions here when Mrs. Hazel Ray, health officer, swore out a warrant for the arrest of Walter Holland, 21-year-old colored youth charged with leaving his home before the quarantine period had elapsed. Holland had a light case of diphtheria, and failed to secure his release from quarantine before attending a dance in Farrell, it is charged.

Officers attempting to serve the warrant could not locate Holland, whose brother stated that he had gone to Youngstown to work. Police declare they will arrest Holland when he returns from Ohio.

The case has attracted much attention, and health board officials declare that all quarantine regulations will be enforced to the letter in the interest of the public health. It is the first arrest for this offense in the records of local magistrates.

Your Income Tax In A Nutshell

DEDUCTIONS FOR PROFESSIONAL EXPENSES

A professional man may deduct all necessary expenses incurred in the pursuit of his profession. These include the cost of supplies used in his practice, office rent, cost of light, water, fuel, and telephone in his office, the hire of office assistants, and expenses paid in the operation and repair of an automobile, based upon the proportion of time it is used in making professional calls or for other professional purposes.

Many physicians use their residences both as their offices and their homes. In such instance the physician may deduct as a business expense the rental value of the rooms occupied for office purposes if he actually pays rent, and also the cost of light and heat furnished these rooms. Also, he may deduct a portion of the wages paid domestic servants whose time is partly occupied in caring for these rooms. Membership dues in professional societies are deductible. Physicians and dentists who keep in their waiting rooms current magazines and newspapers for the benefit of their patients may deduct this item as a business expense. The cost of professional journals for the taxpayer's own use is also a deductible item.

The cost of technical books is not a deductible item, being a capital expenditure, but a proportionate amount for each year's depreciation of the books may be deducted. Depreciation may also be taken on office furniture and equipment. Insurance premiums on office or other professional equipment and liability insurance may be deducted. A premium paid for automobile liability insurance should be apportioned and that part of the premium attributable to business may be deducted as a business expense.

To Get the Best Cough Remedy, Mix It at Home

Quicker Relief. Big Saving. So Easy. No Cooking.

This famous recipe is used by millions of housewives, because there is no other way to obtain such a dependable, effective remedy for coughs that start from colds. It's so easy to mix — a child could do it.

From any druggist, get 2½ ounces of Pinex, a concentrated compound of Norway Pine, famous for its effect on throat and bronchial membranes.

Then make a syrup by stirring two cups of granulated sugar and one cup of water a few moments, until dissolved. It's no trouble at all, and takes but a moment. No cooking needed.

Put the Pinex into a pint bottle and add your syrup. This gives you a full pint of cough remedy, far superior to anything you could buy ready-made, and you get four times as much for your money. It never spoils, and is very pleasant — children love it.

You'll be amazed by the way it takes hold of severe coughs, giving you double-quick relief. It loosens the phlegm, soothes the inflamed membranes, and helps clear the air passages. Money refunded if it doesn't please you in every way.

Ask Report On Flooded Areas

House Flood Control Committee Desires First Hand Information Of Control

(International News Service)

WASHINGTON, Feb. 10.—The House flood control committee today unanimously adopted a resolution calling on army engineers for an early report on the Ohio and Mississippi valleys floods so that legislation can be enacted.

Chairman Whittington (D) of Mississippi, told members congress must consider revising the flood law of last year so as to assure absolute protection for the valleys.

The resolution requested the Chief of Army Engineers, Maj. Gen. E. M. Markham, to review previous reports in the light of new developments and "To submit at the earliest practicable date, revised comprehensive plans for protective works against floods in the Ohio valley, including plans for protective works to prevent a recurrence of record floods at Pittsburgh, Portsmouth, Cincinnati, Paducah and Louisville, and other cities and communities in the Ohio valley, and plans to further insure protection in the Mississippi valley."

Lay Foundation

"It is important that this committee lay a foundation for legislation," said Whittington.

"We need reservoirs, reforestation and resodding but in addition there must be additional protective works for those large cities in the Ohio valley similar to protective works for New Orleans."

Whittington said many communities in the Ohio valley cannot bear the costs of relocating railroads and providing rights of way as required under the national flood control act passed last summer.

Floods are a national problem, he said, and the committee should consider placing all the cost on the federal government.

Republicans Urge Court Plan Defeat

(International News Service)

ALBANY, N. Y., Feb. 10.—Republicans in President Roosevelt's home state today prepared to call upon congress to defeat the president's plan to increase the membership of the United States supreme court.

Assemblyman James J. Wadsworth, Livingston Republican, drafted a privileged resolution condemning the proposal and memorializing congress to reject it.

All Faiths Await City's 'Brotherhood Day' Program

New Castle residents of all faiths will be in attendance at the special Brotherhood Day service in the Senior high school auditorium on Sunday evening, February 14, at 7:45 o'clock, leaders of the Brotherhood Day movement locally said today, as they revealed the complete evening program.

Catholics, Jews, and Protestants will join for the services, the prime objective of which is to create in New Castle and elsewhere, "a land wherein people of different religious convictions and contrasting cultural traditions, may live together in amity and mutual respect."

Program Completed Today

The complete program over which Dr. C. K. McGeorge, president of the New Castle Ministerial association, the sponsoring body, will preside, follows:

Opening hymn—By the congregation.

Invocation—Rev. W. W. Nelson, pastor of the Second Baptist church.

Scriptural reading.

Choir selections—By the 40 voice mixed choir of the First Congregational church, led by John M. Evans and acompanied by Mrs. Evans.

Address—Attorney Harry H. Frank representing the Jewish community.

First Congregational choir selection.

Address—John J. Maher, representing the Catholic faith.

First Congregational choir selection.

Address—Judge W. Walter Braham, representing the Protestant faith.

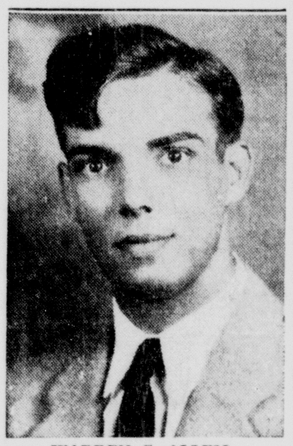
Benediction.

Mid-way in the service an offering will be lifted and the proceeds will be sent to the National Conference of Jews and Christians to further the goodwill work among the various faiths.

Special Services At Calvary Church On Coming Sunday

Evangelist Warren Allem To Start Series; Re-Dedicatory Service In Afternoon



WARREN G. ALLEM

Members of the Calvary Presbyterian church on the East Side are happily awaiting the arrival of the coming Sunday, February 14, for more reasons than one.

Worship is to be resumed in the beautifully re-decorated auditorium, an evangelistic crusade for Christ will be started in charge of Evangelist Warren G. Allem at the morning and evening services, and a re-dedicatory sermon by Rev. S. A. Kirkbride, D. D., of New Wilmington, will be heard in the afternoon.

For six weeks, due to interior decorating in the main auditorium both church and Sunday School services have been conducted under a great handicap in the basement of the church and in nearby homes. The congregation is happy to resume worship in the revamped auditorium.

Bible School will be conducted at 9:45 a. m. and the regular morning worship at 11, with a sermon by the youthful evangelist, Warren G. Allem, soloist and musician of ability. This and the evening service will mark the beginning of an evangelistic crusade which will be conducted every night except Saturday until the evening of Sunday, February 28. Cottage prayer meetings will take place Tuesday, Wednesday and Thursday mornings (during the campaign.)

The re-dedication service will begin at 2:30 p. m. with a sermon by Dr. Kirkbride, of New Wilmington, who by the appointment of Shenango Presbytery presided over the first congregational meeting when the East New Castle Mission became the Calvary Presbyterian church in the spring of 1931. The many friends won by Dr. Kirkbride at that time will be delighted to see and hear him again.

The church program was also managed most efficiently by Dr. Kirkbride until the present pastor, Rev. Raymond J. Fredericks accepted the pastoral call of the congregation in the early fall of the same year. Special numbers will be presented at this dedicatory service by the men's chorus of Harlansburg and by Evangelist Allem.

Jamboree At Camp Phillips Saturday Climaxes Scout Week

All Day Outing For Scouts And Dads Planned For Camp John M. Phillips

A climax to the Boy Scout Anniversary Week program will be reached on Saturday when the annual Winter Jamboree of Lawrence county scouts will be staged at Camp John M. Phillips.

This will be an all-day camping affair in which all scouters, scouts, and scouts dads are included. Scouts dads have received a special invitation to attend and see just what the scout movement means to his boy.

Each scout will bring enough food for two meals for both himself and his father. The noon meal will consist of food already prepared at home, while the evening meal will be cooked at the camp. Each scout will prepare the evening meal for himself and his dad.

During the afternoon an elaborate program has been arranged, flexible with the weather. If there is snow on the ground, suitable games will be the result, and the boys will bring their skiis and sleds. Skating will not be permitted, however, as a safety measure.

All persons who expect to attend this jamboree will meet at the camp at 9:30 Saturday morning and the program will be climaxed at 5:30 in the evening.

The following scouters comprise the committee for this event: E. D. Hawk, chairman; Elden Danner, Frank Hay, T. P. Smathers, A. M. Stump, Jr., and J. Arthur Turek.

This event will bring to a close the most successful of anniversary weeks.

Hints On Etiquette

The first fundamental in table eitquette for children is to take small mouthfuls, eat slowly and carefully, and to keep the mouth closed while chewing. It is the parents' duty to see that the child is properly trained in table manners.

Attempt Being Made To Curb Disease In Philadelphia

Strict Health Rules Laid Down For Philadelphia Eating Houses

PHILADELPHIA, Feb. 10.—A new bureau of health code aimed at curbing diseases contracted in Philadelphia's 11,000 eating and drinking establishments went into effect here recently. The ordinance passed by city council makes it mandatory for the restaurant or taproom operator to wash their dishes in the "scientific and sanitary way."

The ordinance is in line with the current nationwide campaign of the American Institute of Sanitation, which believes that the presence of bacteria on dishes may be a major link in the spread of many diseases.

"One-third of all deaths in the United States are caused by infections which may be born by the saliva, according to Dr. James G Cummings, of the District of Columbia Department of Health", reads a letter recently sent by the institute to Dr. William C. Hunsicker, Philadelphia Director of Public Health.

Ohio Man Held As Embezzler Of $2,000 Bequest

(International News Service)

PITTSBURGH, Feb. 10.—Albert J. Johnston, 66, Bucyrus, O., today faced a charge of embezzlement in criminal court here preferred by Mrs. Edna C. Sample Sutton, Turtle Creek, who claimed that after 24 years she has never received her share of a dead relative's esate.

Mrs. Sutton held that Johnston executor of the will, fled to Ohio to evade payment of a $2,000 bequest left to her in the will of Johnston's aunt, Sarah E. Johnston, who died in 1898, leaving about $25,000.

Correct this sentence: "My wife doesn't laugh when I tell a funny story," said he, "and that proves women have no sense of humor."

Wives Serve Food As Firemen Toil

SALT LAKE CITY, Utah—Wives of Salt Lake City firemen have completed arrangements to add a domestic touch to all second, third and general fire alarms in the future.

They have built a lunch wagon which is to be wheeled to the site of the fires. It is mounted on a truck chassis and will be used in the longed sessions with stubborn fires.

Approximately 45 women of the auxiliary group have been organized into shifts. They are to answer alarms that fall within their time on duty.

The lunch wagon was built upon the chassis of a city ambulance so badly wrecked recently that automobile dealers refused to salvage it. It is equipped as a modern kitchen, with cupboards, hot plates and coffee urns.

Anyway America achieved a 50 per cent reform by abolishing the duel. Now only one of the parties has a gun

There are millions of chances for errors in the spelling of all those names, initials, addresses and telephone numbers. So, every listing—name, address and telephone number—is checked and double checked. Then after the printer sets the type, each page is checked *four separate times* — by six experienced proof readers."

Rivers Rising At Pittsburgh

Rivers Have Gone Up More Than Five Feet In Past 24 Hours, Is Report

(International News Service)

PITTSBURGH, Feb. 10.—Surging upwards at the rate of a fifth of a foot an hour, Pittsburgh's rivers reached a stage of 20.6 feet at 1 o'clock this afternoon, a total rise of almost five feet in the past 24 hours, but U. S. weather observers said there was no danger of another flood.

W. S. Brotzman, U. S. meteorologist, said a crest of 21.0 or 21.5 feet, far below the 25-foot flood stage, can be expected later this afternoon after which the waters will begin to recede barring an unexpected rainfall.

The Monongahela was already falling, Brotzman said, and the rise in the Allegheny was slowing perceptibly.

Melting snows in the headwaters of the Monongahela in West Virginia and an unusually heavy rainfall the past several days in the headwaters of the allegheny in Pennsylvania were blamed for the rise.

Curiosity Made Their Eyes Tear

(International News Service)

BEND, Ore.—Curiosity (of the sort that is supposed to have once killed a cat) emptied a billard parlor here in record time.

It happened when a customer found a queer-looking object lying on top of a safe in the billiard parlor. The customer was curious about a string which dangled from one end of the object, so he pulled it—and set off a tear gas bomb which the owner had been keeping for a friend.

Reliable reports indicate the billiard parlor was empty in less than four seconds.

Doris—Did you ever have a lesson by correspondence?

Dan—I should say I have. I never write to girls now.

Lumberjacks Fell From City Logs

Smooth "City Logs" Blamed By Woodsmen For Spoiling Dancing Show

(International News Service)

DETROIT—Pity the poor lumberjack who is forced to burl on a citified log.

Harry Wilson and Bill Delyea, burling champs, appearing at a feature exhibition here to display their skill, failed ignominously.

Fancy tap dancing on a rolling log placed in a hotel pool was marred by frequent spills into the water.

Said Wilson:

"It's the log's fault. City logs are too smooth. What we need is a good old rough north woods log."

Air Transportation Requirements Are Being Tightened Up

(International News Service)

WASHINGTON, Feb. 10—A sweeping and meticulous set of requirements for air transportation safety are soon to be incorporated in compulsory regulations of the air commerce bureau, were made public here today by Eugene Vidal, director of the bureau.

Comprising the latest safety devices, improved training for pilots and providing for the most modern and complete air navigation equipments, the program grew out of the recent air safety conference held here by Vidal.

As released today, the program comprised recommendations. Soon, when airlines have had time to install the necessary equipment, they will be embodied in the compulsory regulations.

Another Prisoner At Pottsville, Pa., Jail Has Escaped

Jailmate Of Escaped Joe Bruno Decides That He Will Flee Too, So He Does

(International News Service)

POTTSVILLE, Pa., Feb. 10—Schuylkill county had another jail break case on its hands today in the escape of George Steele, 20, of Shenandoah, who scaled a 25 foot wall of the county jail whence Joe Bruno fled last December.

Steele's escape was not noted until the regular 9 o'clock checkup last night. He had been awaiting trial on a larceny charge. Authorities said it was his second escape, recalling how he "kicked out a wall" and got away from the Schuylkill county house of detention several years ago.

Police were without a clue to Steele's whereabouts. A plank found placed against the inner side of the wall and broken vines on the other side disclosed the mechanics of the getaway. The broken vine indicated the youth may have been hurt in the 20-foot drop to the street.

Bruno, given three life terms for the Kelayres "election eve massacre" killings of 1934, "walked off," while being taken to a Pottsville dentist.

Westwood, a 'squire, is now serving a life term, were freed on directed verdicts of acquittal by Judge J. Frank Graff. The fourth was exonerated although he had already pleaded guilty.

Those freed by Judge Graff were John Williams, 42, a private detective; Mrs. Bessie Bowser, 50 and Armand Trapazzano, 21. Thomas Borden, 45, was allowed to withdraw his plea and was freed.

Rev. Dake Ready To Serve Term

Asks Congregation To Forgive Him For His Mistake With Young Girl

(International News Service)

ZION CITY, Ill., Feb. 10.—The Rev. Finis Jennings Dake wound up his pastoral affairs here today preparatory to serving six months in jail for his "one mistake," after voicing his disgust for the devil before the loyal members of his flock.

The Rev. Dake's one mistake was a violation of the Mann act to which he pleaded guilty in federal court in Milwaukee yesterday.

Parishioners of the Christian Assembly church heard the Rev. Dake's attorney tell the court the pastor had made "an unfortunate mistake," heard the prosecution trace the minister's travels with 16-year-old Emma Barelli and recall their "petting parties" in hotel rooms in Waukegan, Bloomington and East St Louis, and at a vindication service here last night heard the pastor draw a moral from his experiences.

"I have learned a lesson," cried the contrite pastor. "I have had a little sense knocked into my head. I am disgusted with the devil. If the devil had a tail and I could get hold of it, I'd grab it and wrap it around a tree.

Boxing Board Frowns On Max

Baer's Comeback Fight With Pastor May Not Draw Official Sanction

(International News Service)

SACRAMENTO, Cal., Feb. 10.—Undisturbed by possibility that a New York boxing commission decision today may deprive him of his first major comeback fight, Ex-Heavyweight Champion Max Baer playfully roughed up sparring partners while his manager, Ancil Hoffman considered competitive offers from England, Pennsylvania and Illinois.

The commission was to rule on sanctioning Baer's contracted fight with Bob Pastor, elusive New York collegian whose recent ten-round foot race with Joe Louis suddenly boosted him to the select circle of heavyweight contenders. Charges that Baer "quit cold" in his own fight with Louis made by Referee Arthur Donovan was the basis of today's disqualification proceedings.

But while the commission was pondering Baer's fate in New York state rings, Hoffman was considering other offers, chief among which was a Philadelphia bid for a match between the butcher boy and Light-Heavyweight Champion John Henry Lewis at Philaelphia in June. The $25,000 guarantee and percentage offered for the fight in the Municipal Stadium by Promoter Herman Taylor was described by Hoffman as "plenty interesting dough."

Ex-Convict Grilled In Mattson Case

James McDonald, 31, Has Convinced Authorities That He Is Innocent

(International News Service)

SEATTLE, Wash., Feb. 10.—After he had been grilled several hours by federal, state and city police as a long-sought suspect in the Mattson kidnap-murder case, James McDonald, 31, ex-San Quentin prison convict, apparently convinced authorities today he was innocent.

McDonald was arrested in an apartment here last night by Seattle police who received an underworld tip that he "might be connected with the Mattson case."

McDonald's general description tallied with that of the bearded "Tim" who kidnaped Charles Mattson, 10, from the Tacoma home of his parents the night of December 27, and later left the little victim's battered body in a snow-covered thicket near Everett.

Pope Improved As Lent Starts In Vatican City

(International News Service)

VATICAN CITY, Feb. 10.—Pope Pius began lent today in much improved health. He spent a fair night with several hours of restful sleep, it was stated at the Vatican.

Well-informed circles said it was possible that, now circulation in the upper part of the pope's legs has improved, it may grow better in his feet, also.

Rumors that the pontiff may soon resume his full duties, and may be able to walk again, were branded as over-optimistic, however.

The pope himself confirmed his improvement in health when he closed the pre-lenten season with a demand for frogs' legs for dinner. The delicacy, however, could not be found.

TALES IN TIDBITS

By BILI BRAUCHER
Central Press Sports Editor

Fellows whose faces are still fairly fresh may decide the pennant races in both major leagues. These young men must be regarded as key men either way—if they fail, their clubs chances will be hurt materially, and if they carry on where they left off last year their deeds should provide the pennant-winning margin.

One of the important individuals is Joe Di Maggio, who hit .323 last year, and whose fielding and fine throwing helped the Yankees to stifle their opposition. If some pitcher should discover a glaring weakness in Joe's batting ability, bad things can happen to the Yanks. Connie Mack claims to know what the young man's weakness is, and if he really does, Joe has a tough year ahead, for such news travels on the wings of the wind.

The only flaw I saw in Di Maggio's work at the plate last year was a tendency to hit at bad balls. He was so eager to hit that he went out of the way to whack at wild pitches. Sometimes he'd hit 'em. Joe admits this inclination hurt his average last year, but serves notice that they'll have to put that onion in there for him this season. That's the only change, by the way. Joe contemplates in his batting. He is not going to change his stance or style as was previously misreported.

Feller And Weatherly

In the American league, the Indians are viewed as possible runners-up to the Yanks. Two key men have to come through for the Tribe—Bob Feller, young whiffenpoof from Iowa, and Roy Weatherly, new right fielder whose debut last fall lifted the club from the doldrums and started them winning sensationally. Feller especially can make the ball team, just as Dizzy Dean proved just what the Cardinals needed a couple of years ago.

Cardinals and Giants seem to be the leaders in the National league again. Two infielders who first wore the Gas House insignia last year can make or break the club. They are Johnny Mize, hard hitting first baseman acquired from Cincinnati, and Stuart Martin, who filled the shoes of the aging Frisch splendidly last year until illness got him down.

Second year men hold the fate of the Giants in a measure, though it must be inserted at this point that so long as Hubbell is heaving the Giants are going to be close. The people I refer to are Pitcher Harry Gumbert, who won 11 games while losing three as a freshman flinger, and Jim Ripple, center fielder, who replaced Hank Lieber when the club went on that eleventh-hour rampage that won the pennant.

Handley In Pittsburgh

Other teams are playing with new men at important spots, but the four clubs already discussed appear to have most at stake in youngsters. Lee Handley, signed by the Pirates for a $15.000 bonus after Judge Landis set him free, may make the Pirate infield.

The two of whom most will be expected are Feller and Di Maggio, both because of the fine starts they made in 1936 and their importance in the race that will be under way before very long now.

Hi-Y Rally Is Set For February 16

The seven Hi-Y clubs of New Castle's Y. M. C. A. will forego their separate meetings next week for a gala all-Hi-Y rally in the "Y" on Tuesday evening, February 16, Activities Director Henry T. MacNichols announced today.

Mayor Charles E. McGrath is expected to be the evening's speaker and motion pictures and refreshments will feature. The affair is to follow the ordinary Hi-Y program but on a somewhat larger scale.

Almost 140 boys will participate.

Sheriff Places Charges Against Trio Arrested

Charges of assault and battery and robbery were made today by Sheriff Edward D. Pritchard against Alec Presnar, Andy Horvath and Mike Miscunic in the office of Alderman James C. Brice. All three men were held in bail of $2,000 each for appearance in the March term of court. Unable to furnish bail they were remanded back to the county jail.

They are accused of attacking an aged man on "Sheep Hill," Saturday night and going through his pockets. After getting the complaint the sheriff made a search for the attackers and arrested the three men named above. They were identified by Stanley Kozan, Sr., the man attacked.

All three of the men were tried on a similar charge made some months ago. Today the bondsman of Andy Horvath appeared and asked that he be discharged from the bail bond guaranteeing Horvath's appearance.

News Briefs From City Hall

Dog catcher was ordered by police to go today to Wallace avenue, Park avenue and also to East Washington street, the result of numerous complaints concerning dogs.

Police were informed last night that a crowd of boys created a disturbance at Garfield and Delaware avenues.

Officers were summoned to Bleakley avenue last night, it being reported a man was trying to enter the rear of 26 Bleakley avenue. He was not found.

Several sidewalks in Neshannock avenue are in bad condition, according to a report made to police.

W. S. Burton, 210 Third street, reported to police, the theft of his female black and white Beagle.

Nick Frasso reported to police that an Oldsmobile with Pennsylvania license U-4941 was stolen from the Servicenter yard at 9 p. m. Tuesday.

Grange Tribute For Late Clark McCombs

Mahoning Valley Grange, At Meeting Last Night, Honors Deceased Member

Tribute was paid to the memory of the late Clark McCombs, Tuesday evening, at a meeting of Mahoning Valley Grange of which the deceased was a member. Immediately after the opening by Master R. W. Allison the chaplain, G. L. Kelso, made the formal report to Ceres (Miss Anna Mae Nunn) of Mr. McCombs' death.

Mr. Kelso, assisted by Miss Nunn, the assistant steward, Frank Kelso, and lady assistant steward, Murl Simon, then draped the grange charter with crepe, in silent sad tribute to Mr. McCombs.

A solo by Mrs. George Atkinson followed. A number of committees were appointed by the master as follows: legislative, Harold Hoye, D. M. Baird, and Fred Knoll; resolutions, Miss Elma Robinson, Mrs. George Hink and Mrs. R. W. Allison; and press agent, Miss Edna M. Robison. Betty Baird gave a vocal solo, accompanied by her mother, Mrs. D. M. Baird, and Mrs. R. D. Walter offered "Pennsylvania Paradoxes."

It was announced that an extension meeting will be conducted at the home of Mrs. C. E. Campbell Friday evening, February 19, at 7:30. It will be for both men and women; upholstering will be subject. The men will entertain the ladies and grange families at dinner in the grange hall February 27 at 6:30 p. m.

Boy Scout Week Banquet Success

J. Nelson Runyan, Ellwood City Man Presented Silver Beaver Award

TWO HUNDRED AT ANNUAL BANQUET

Two hundred persons attended the 15th annual banquet of the Lawrence county council, Boy Scouts of America, which was held in the First U. P. church Tuesday evening. This event was one of those scheduled for Boy Scout Anniversary Week which is being celebrated by scouts throughout the country.

Promptly at 6:30 a delicious dinner was served to the scouters and their guests, and was followed by the program. With President Rev. A. M. Stump presiding, the meeting opened wtih the singing of "America". Dr. S. E. Irvine, pastor of the host church, delivered the invocation. President Stump presented the genial toastmaster of the evening, L. B. Round. Mr Round took command of the program from this point, and his well chosen remarks and bits of humor throughout the program added greatly to the success of the evening.

Under the leadership of James A. Bowman, the group staged a song fest, and the dining hall echoed with happy voices. Music for the singing was furnished by Julius Sypher at the piano. Dinner music was provided by a group of musicians under the direction of Prof. John E. Paton.

Skits Are Presented.

A unique entertainment idea was tried, with great success, at this point in the program. Chairman of the program committee, R. F. Davis, introduced boys from New Castle Troop Two and from Neshannock township Troop One, and they staged what they termed "Troop Skits". Kind treatment of our feathered friends was the first skit. Scout oath and law was the next skit, and this was dramatized in a partly humorous manner.

The business session of the evening followed and Prof. B. K. Thacker gave a report of the last meeting, naming the members of the council and the new officers. This report was followed by remarks from the president, A. M. Stump.

Four young men were presented to Mayor Charles E. McGrath. The boys were members of local scout troops, and having attained the age of 21 years, were presented to Mayor McGrath as very able and outstanding new citizens. Those who received this honor were Harold Booth, Oscar Bishop, George F. Winter, Jr., and Ralph Boyd.

Silver Beaver Awarded.

The Silver Beaver award was presented to J. Nelson Runyan of Ellwood City. This is a distinguished rank, awarded for outstanding service to boyhood. R. F. Davis outlined in an interesting manner the outstanding accomplishments in scout work which have been attained by Mr. Runyan. He was aided in the presentation by L. B. Round and Rev. Stump. Mr. Runyan makes the seventh person in Lawrence county to be awarded the Silver Beaver.

At this point the main speaker of the evening, Dr. William L. Wishart, pastor of the First Presbyterian church of Sharon, was introduced and he presented a most interesting talk, in which he outlined the successful work that the Boy Scouts in this vicinity have been doing.

His talk climaxed the meeting, and the singing of the "Star Spangled Banner" closed the session.

PYMATUNING AN INDIAN NAME

Do you know that Pymatuning is an Indian name meaning "Home of the man with the crooked mouth?"

Pymatuning Lake has an area of 16,420 acres and contains 62,569,000,000 gallons of water.

The State Department of Forest and Waters planted approximately 1,350,000 trees on the State-owned lands, adjoining the lake. The shore line of the lake is between 60 and 70 miles, and the maximum depth of the reservoir is 40 feet.

In 1935 the State Game Commission began stocking the lake with many varieties of game fish. Because of its great beauty and the many opportunities which it offers, the shore line of Pymatuning is likely to become covered with cottages.

Council's New Executive Stresses Citizenship Training Of Scouting

By KARL F. GREEN

Scout Executive-elect of the Lawrence County Council, B. S. A.

The month of February is an important month to all scouts and scouters. It is the birthday month of American Scouting as well as the month during which two of America's most beloved men, Abraham Lincoln and George Washington, were born.

Scouting has quite an active program for boys from 12 years of age up, a program suitable for boy work in any type of institution. The program has definite objectives and they include in their number that of "men of character trained in citizenship." This result may be achived each time we find an institution keenly interested in the welfare of the boy, with adequate leadership to put across the scout program.

Dr. W. W. Comfort, president of Haverford college, in addressing the scouts of Philadelphia council at their annual dinner a few days ago, said that in many instances the home, the school and the church were neglecting the teaching of any subjects that would help in the development of character. He also said scouting was one of the few programs that could do this and that it was doing it in many troops throughout the country. Scouting knows that without character building there can be no trained citizenry.

Washington and Lincoln.

George Washington and Abraham Lincoln typify the kind of citizen every scout should aim to be. Unselfish in their devotion to their country, friendly to all, willing to cooperate with others for the common good. That was the spirit of those two distinguished citizens and it is the same spirit that has given scouting its unique place in the minds of the general public.

Scouting is a volunteer movement and the actions of scoutmasters, troop committeemen, council members and others in giving of their time to help scouts reach their objectives are bound to have an effect on the scout, showing him the spirit of unselfishness, the spirit of doing for others.

The scout program is good, but without the volunteer leadership of these scouters it could not attain the full objective, men of character trained for citizenship.

WAKE UP YOUR LIVER BILE—

Without Calomel—And You'll Jump Out of Bed in the Morning Rarin' to Go

The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You get constipated. Your whole system is poisoned and you feel sour, sunk and the world looks punk.

Laxatives are only makeshifts. A mere bowel movement doesn't get at the cause. It takes those good, old Carter's Little Liver Pills to get these two pounds of bile flowing freely and make you feel "up and up". Harmless, gentle, yet amazing in making bile flow freely. Ask for Carter's Little Liver Pills by name. Stubbornly refuse anything else. 25c.

Children Of Mary Name New Officers

Miss Jennie Laterre Re-Elected At Head Of St. Vitus Church Sodality

Assembling in the St. Vitus church hall recently, members of the Children of Mary Sodality elected the following officers:

Miss Jennie Latoree, re-elected as president; Miss Elizabeth Littier, vice president; Miss Juliann Littier, secretary; Miss Rose Coria, re-elected as treasurer; Misses Lucy DiCarlo and Margaret Conti, mistress of ceremonies.

During the course of the meeting, the Rev. Fr. S. Anuskiewicz, assistant pastor of St. Vitus church, delivered a most inspiring address.

I was ashamed to go to the Doctor!

Little did I realize that most women who have children, suffer from piles (hemorrhoids). My pain became so acute that I was frantic. I couldn't walk, I couldn't sleep, I couldn't sit down. Finally I went to my doctor. He told me that I had hemorrhoids, and recommended a suppository to be used in the privacy of my own home.

If you suffer as I did, let me recommend that you get a $1.00 box of IRIL suppositories containing 12 treatments. This wonderful prescription stops the agony and torture within a few seconds. Containing no narcotics or harmful drugs, they are safe and easy to use, and best of all, can be depended upon to give you complete relief from all pain and discomfort.

P.S. IRIL also comes as an ointment for the relief of itching, bleeding and burning of *external* or *protruding* piles.

IRIL Suppositories and IRIL Ointment are sold by all druggists.

Hansom Drivers Still Ply Trade

Last Of Once Prosperous Business Cling To Trade In Central Park

JOURNAL CATERS TO MONEY LENDERS

By O. O. MINTYRE

NEW YORK, Feb. 10.—In all New York no group of oldsters cling so tenaciously and pathetically to an outmoded calling as drivers of the horse drawn hansom and four wheeler. They have dwindled to a thin straggle—all bent and gnarled by the snows of many blighting winters.

O. O. McIntyre

Perched like so many moulting sparrows on the boxes of their ancient herdics, they have made their last stand at the Plaza entrance to Central Park. Once Grooved in a wine-blown garrulity, they now droop in the silence of a quiet and detached resignation. They are there if you want them.

Now and then one may pop out of his reverie archly to intone: "Kerridge, sir? Very exclusive!" Their revenue is chiefly from young romanticists who, in the flush of late afternoon cocktails or an after-theater glow, decided to have a leisurely jog around the park.

When not dreaming, they are polishing their carryalls, always ashine with elbow grease. I am told not many are able to salvage more than $10 a week above expenses. Winter chills their bones, but valiantly they carry on. True disciples of Longfellow's "inward stillness."

Gallants of another decade considered a ride in a low-neck hack one of the romantic pleasantries of a Manhattan visit. Booth Tarkington and Harry Leon Wilson used to make the rounds of the gilded and blazing chandeliered estaminets in them—often one or the other taking the driver's seat. The biggest line in those days strung along glowing Sixth avenue in the neighborhood of Jack's rowdy all nighter. Among the modern and occasional patrons are the Alfred Lunts, Ward Morehouse, Dwight Fiske and Charles McArthur.

A picturesque jehu of Broadway, who veered up the golden trail a half dozen years ago was the black and grinning "Mississippi," whose stand was the stage entrance of the Winter Garden. He was a favorite with the chorus girls who, after the play, enjoyed a back to nature turn through the park. "Mississippi" wore a white linen duster and black patent leather high hat the year around and from him Al Jolson picked up his favorite line: "You ain't heard nothin' yet."

No stage importation in years so struck New York's intellectual fancy as the town's longest run in Hamlet attained by the youthful John Gielgud. He brought out the biggest crowd The Players ever had at a pipe night—so called presumably because everybody smoked cigarets. Gielgud's modesty plus a personal charm was in stark contrast to the usual pontificial uppity of players from over the sea. He is deft, too, in making gracious little impromptu speeches. The Nat Goodwin blurty sort.

No tea or after theater parties attain that certain something that characterizes the Brock and Margaret Pemberton hoop-de-doos. They toss one about every six months in their East 60 apartment and all the town's brilliants of the stage, cinema and literature arrive in their plushiest pomp. Mrs. Pemberton, imperious looking but justly celebrated as a wit, was designed for the tea table—the 17th century refectory with peaches in priceless epergnes, the haunch of chilled venison, golden goblets for flagons of red and white hippocras, and such. Even glum Brock lets the corners of his mouth go upward on such occasions and almost anybody who arrives at the tea hour and leaves before midnight has to catch a boat for Europe or something vitally important like that.

New York pawnbrokers now have an official journal to exalt money lending. It seeks to show the traditional Uncle is not a blood-wringing Shylock but an earnest merchant with humane instincts. Uptown hock shops are now chiefly cached in skyscrapers with fancy names. But on the Bowery, where most are, three gilt balls hang over the door and a bell tinkles at night to guide steps of the unsteady. Windows are a jinkle of unredeemed pledges with an overtone of banjos. Always banjos!

There's a Chinese pawnbroker near Brooklyn Bridge where sailors go when sailing light ashore. A stock story concerns one gob bringing in a brokendown watch. Gazing at it and holding it to his ear, the Chink sing-songed: "Outside no walkee, inside no talkee, no belong any good."

Matthew W. Jones Delivers Luncheon Address; Plan Ramsey Tribute

Declaring that the air-conditioning of equipment is the most notable improvement railroading has seen during the past century, Matthew W. Jones, Baltimore, assistant editor of the Baltimore and Ohio railroad magazine, reviewed the development of that basic transportation industry in recent years before the Lions club yesterday.

He termed the 250,000 miles of railroads throughout the United States "the greatest railroad system in the world."

With Mr. Jones at the luncheon were S. Huston Rhoads, freight agent of the B. & O. here and other B. & O. men.

President Numa F. Vidal, Jr., during the business part of the meeting, announced that the Lions will honor District Governor Earl T. Ramsey, one of their own members, at a breakfast celebration on Tuesday, February 16 at 7 a. m.

Members of the Lions were guests last night of the Ladies of the Lions at a party in the East street home of Mr. and Mrs. G. Earl Williams.

Contrary to common belief, it is not against the law to wash and mend the American flag.

MAY SALVAGE PARTS FROM GAMING MACHINES

Mayor Charles E. McGrath stated today that in all probability the ball machines, and slot machines, confiscated during recent raids, by police, will be taken apart at the city building and such parts as can be utilized for other than gambling machine purposes, will be saved.

In the past, springs and other equipment taken from such machines were turned over to the city electrician.

NEW CASTLE LOSES TO ALIQUIPPA HIGH 39-30

Victory Cinches Section Three For Aliquippas

New Castle High Puts Up Game Fight At Aliquippa But Fall Short Nine Points

MILANOVICH AND NOCERA STARS

New Castle high school basketball team, champions of the Section Three and W. P. I. A. L. last year, saw a new Section Three champion crowned last night at Aliquippa as the valley boys took a 39 to 30 victory over the New Castles in a hard fought engagement.

It was the ninth straight victory for the "Quips" in the league and there is not the remotest possibility that they can be overtaken. There are only three games left to play. New Castle has now lost four games and as the locals are in second place, it is all over but the "shouting."

Aliquippa Takes Lead

The Lippemen shot into the lead at the very outset of the game and at the first period led 8 to 5. The end of the first half found the locals trailing 17 to 14, having picked up a little steam in the second stanza. Nocera with three field goals and a foul, led the locals in scoring in the first half. Milanovich led the Aliquippa team in scoring with two field goals and five straight fouls for nine points.

Foul Shooting Contest

At the end of the third period it was very apparent that the Castles were in for a tough evening, the score being 24 to 19. Milanovich again ran wild, getting two more buckets. In the final period the "Quips" outscored the locals 15 to 11.

From the field the locals had the better of the argument, getting 12, while the Aliquippas had 11 two-pointers, but it was at the foul line that the New Castles fell to pieces, getting but six out of 19 for a very poor average, while on the other hand the Aliquippians were dropping in fouls with monotonous regularity, managing to get 17 out of 30. All in all there were 49 fouls called, yet despite this fact, it was a hard fought clean battle all the way.

Milanovich Stars

The high pointman was "Ziggie" Milanovich with 15 of the Aliquippa points. "Blackie" Nocera led the local contingent with nine points. Adams and "Buddie" Frazier played fine basketball for the locals, getting six and five points respectively. Adams played despite an injured ankle and was forced out on personals.

Beaver Falls high will play at New Castle on Friday night.

TEAMS MERGE

Italian A. A. and New Castle Independents merged in 1917, at a meeting between T. C. Richards and Carm Sacco at the office of the late Pete Capitolo. This was followed by a meeting at Savoi hall, February 7, 1917, Richards continued as baseball manager and Sacco was named business manager. War was declared and 27 members of the I. A. enlisted and left 13 days after the declaration for army camps. Before the war was over, 56 members were in service. With five of the regular ball players in war service Richards revamped the team. Joe Wadsworth pitched six wins without a defeat. He had 81 strikeouts or more than 13 per game. A series of three games was played with the Terrace A. C. for the county title. I. A. A. lost the first two games, a twin bill on Labor day at Cascade Park. In the morning the score was 10 to 7. In the afternoon game in the last half of the ninth with Terrace A. C. at bat, two men on (second and third) and two out, score 3 to 2 in favor of the I. A. A., the next man hit an easy fly to Cassella. He dropped the ball and Terrace took the title.

Union Defeats East Brook In Game 26 To 16

Union Takes Section 21 Victory In Easy Fashion Over East Brookians

The Union High school basketball ended their losing streak last night in the Union High court by taking the measure of East Brook 26 to 16 in a Section 21 league victory. In the preliminary game the East Brook maidens defeated the Union girls 44 to 25.

Union Takes Lead

Union reversing the order a little jumped into a big lead at the very outset of the game at 12 to 3, and at the half had increased the lead to 21 to 9. Coach Davey Boyd used his second and third stringers for the biggest part of the final half of the game and Union only recorded five more points, while the Brookers were making seven.

Davies, Stevenson and Guinaugh ler the scoring for the Unions, with Hall and Finnegan the best for the losers. In the matter of fouls the Unions maintained their same poor average making but 2 out of 8. East Brook made 6 out of 16 which is not so hot either.

The playing of Miss Jane Walton and the playing of Edith Niene featured as the East Brook girls swept to victory.

Titans Take Real Thriller From Geneva

Overtime Game At New Wilmington Won By Westminster 42-40

BOTH TEAMS PLAY EXCELLENT GAME

(Special To The News)

NEW WILMINGTON, Pa., Feb. 10.—In an overtime period last night, Coach George Roark's Westminster Titans took a thrilling game from Geneva and staved off a four-year record for no defeats on the Titan floor. Demo's two baskets in the final two minutes of the extra period gave the Titans the needed two-point edge. The score was 42-40.

Field goals were even for both teams with 16 each, the Titans having an edge on free-throws by 10-8. J. Milanovich, Geneva center, led in scoring with 14 points, followed by Grubb with 12, and Penebaker with 10.

The credit for winning the game for the Titans might well go to any one of the six Titans who played. Demo's two baskets in the second period, Gilliland's three buckets at the opening of the second frame, the five free ones that Backus slipped through, Krivosh's three perfect tosses, Grubb's 12 points, or Miller's two beautiful under the basket rushes in the closing minutes of the second frame.

Rougher and more exciting than any game on the Titan court in years, Backus left the game on fouls in the second frame, and J. Milanovich was knocked out temporarily in a bad spill. Grubb, Youngstown guard, entered the game with a bad knee, but played the entire route.

Except for a few times when Geneva found a leak in the close-in basket zone, the Titan defense was effective. J. Milanovich had too many open shots in front of the basket for the welfare of the Roarkmen.

Grubb, Youngstown guard, went on a scoring spree to open the game and scored seven points before Penebaker's free shot for Geneva. After Hamer's long one, Grubb and Demo and Demo scored in rapid order, while Geneva was getting a free one. At the middle of the half, the Titans led by an 18-5 score. Then the Covenanters opened their big guns, as Penebaker went under the basket for three straight scores. J. Milanovich scored from the center and side, as the half ended with the Titans holding a three point lead, 20-17.

Gilliland shot two good ones to open the second frame, and a few minutes later his third, but the Milanovich brothers came back strong to cut the Titan lead to four points, 27-23. Hurley chose the long-shot method in a pinch and dropped two beautiful shots from the center of the floor to tie the score at 27 all.

Geneva went into the lead 28-27 on Hurley's deep side looper, and

Change Site Of Match From Senior High To Washington, Grove City Opponents

New Castle High school grapple artists will have a match with the Grove City high wrestling "rasslers" tonight at the George Washington Junior High floor instead of the Senior High court as originally announced.

The match will start at 8 o'clock. There will likely be 10 matches on the card. The Grovers handed the New Castles a 10 to 0 shutout at Grove City.

The red and black "groan and grunt" artists hope to even the score here tonight or at least win the match.

Bessemer High Trims Princeton

Kennedy Stars With 12 Markers As Cement City Schoolboys Win, 25-14

Led by Kennedy who scored 12 points, Bessemer high school basketball team won a 25-14 triumph over Princeton, Tuesday night, in a fast game played on the Bessemer high hardwood.

The Bessemerites took a 7-4 lead as the initial period ended. Princeton kept right in the thick of the battle by annexing 6 markers in the second quarter while Bessemer came through with five. At the half, Bessemer held a 12-10 edge. Points were scarce in the third canto. Bessemer getting 3 while the Princeton representatives dropped in but 2. The Cement City lads turned on the heat in the final stanza to win by a 25-14 margin. Hogue was high scorer for the losers, with 7 points. R. Dean tossed in a field goal and two fouls for Princeton. In the preliminary tussle, the Bessemer high girls won over Princeton, in a fast game.

Bessemer Hi meets one of its most bitter rivals Friday night, opposing Shenango Township high school, at Shenango floor, in an important Section 21 battle. Bessemer must win to remain in the battle for sectional honors. Although Shenango does not have a chance to win the coveted honors, a triumph over the Cement City lads is always something to rave about.

Shenango Winner Over Plaingrove

East New Castle Cagers Pile Up 35-13 Victory On Tuesday Night

BESSEMER NEXT FOE FOR SHENANGO FIVE

Shenango township high school basketball team went on a scoring spree Tuesday night, ringing up a 35-13 triumph over Plaingrove high, in a game played on the Shenango hardwood.

The East New Castle flingers chalked up a comfortable lead during the initial period. At the half the Nocera coached five sported a 27-3 lead. During the second half most of the substitutes got a chance to demonstrate their wares. Burns and Otremba were high scorers for the losers, while Pitzer, Druschel, Lysko and C. Mooney shared honors for the winners. In the preliminary event the Shenango lassies annexed another victory, this time disposing of the Plaingrove maidens.

Friday night Shenango high plays host to an ancient rival, Bessemer high. One of the biggest events of the week at East New Castle would be a triumph over Bessemer which seems to be headed for the Section 21 honors.

AMBERS FAVORED

(International News Service)

NEW YORK, Feb. 10—Lou Ambers, world's lightweight champion, was a 9 to 5 favorite today to defeat Davey Day, Chicago in a ten round non-title fight tonight.

Epworth M. E. Tops Slippery Rock Five

Local Quintet Snatches 18th Consecutive Win Over College Reserves

Victory No. 18 was chalked up by the Epworth M. E. passers Tuesday evening when the local quintet handed the Slippery Rock Reserves a 23-12 defeat in a preliminary to the Slippery Rock-California State College tussle, at Slippery Rock.

The Epworth cagers piled up a 13-6 lead as the half ended. The locals were never in danger of being overtaken. "Bus" Davis and Wanio were high scorers for the winners. Grommes also played a bang-up game. Graham was Slippery Rock's best bet.

The lineup:

Land Owners Are Against Proposed Sunday Fishing

(International News Service)

STATE COLLEGE, Pa., Feb. 10—Land along Spring Creek, one of the best trout streams in central Pennsylvania, will be closed to Sunday fishing if bills legalizing the sport on that day are passed by the legislature, 29 property holders residing from Oak Hall, near here, to the Rockview penitentiary grounds, announced today.

Expressing their opposition to Sunday fishing, they said they will post their lands against trespassers if the measure is approved. Their attitude will be announced at the State Federation of Sportsmen's Association meeting in Harrisburg, on Friday, February 12. A resolution from the Centre county sportsmens' federation opposing the bill also will be presented.

Blair, Huntingdon and Clinton county sportsmen also have voiced opposition to the measure.

TITANS TAKE REAL THRILLER FROM GENEVA

(Continued From Page 24)

the Covenanters increased their lead to six points as J. Milanovich made two and Penebaker one. With six points to make up, the Titan offensive began with Backus' free shot. Miller, New Brighton freshman, ran under for one; Krivosh shot from deep side, and Miller took another from deep center to forge ahead 37-36. Grubb added another point on a free one, but F. Milanovich's two charity tosses in the closing seconds of the frame again tied the score at 38-38.

J. Milanovich opened the extra period with a run-under the basket, and Demo then snatched the game from the fire by a long one in front and a beautiful loop from deep side, to close the scoring, 42-40. Another Titan basket was in the air when the gun shot.

FROM ME TO YOU

By MESEEALL

A little incident happened yesterday morning that I meant to tell you about, but somehow or other it slipped my mind. . . . If you were coming down Highland Avenue yesterday morning about 8 o'clock you would have seen a very prominent sports promoter doing a dance or something similar. . . . He was pursuing his canine. . . . The poor animal wanted to follow and protect his famous owner but the promoter had a different idea. . . . Incidentally his aim was way off, perhaps it was the morning air.

* * *

Had a little conference with Dan Cupid last night. . . . He told me many a secret and of course I won't tell them all to you. . . . He said not to tell any, but surely one won't matter. . . . Down on the south side they have a well known golfer, this one I have in mind is just a little more under par than the rest . . . (so he says). . . . Well Cupid says he has been having target practice with this handsome south sider. Just who the young lady is, Cupid wouldn't say. . . . Who is it A. C.

* * *

Went out for dinner the other night and of course the topic of food was mentioned. . . . During the conversation the question of milk became an open topic. . . . "Now I am used to so and so and his milk is the best," said Uncle Tom. . . . "Well, spending most of my summers in the country I am used to rich Jersey milk," said Uncle Jake. . . . "Well now," said Aunt Alice, "the other day I made a cake and when I went to measure the milk I thought I had reached for the wrong bottle. . . . By the looks of that bottle I should have been doing the washing."

That ended any further conversation on milk. . . . The meal was over anyhow, so it was really a good place to stop.

Stock Market Moves Upward

Bullish Enthusiasm In Market Today, Trading Is Fairly Heavy

By LESLIE GOULD
International News Service
Financial Writer

NEW YORK, Feb. 10.—The stock market bounded forward on a wide front today, as bullish enthusiasm was fired by the capitulation of North American and American Water Works to registration with the SEC, and a fresh crop of favorable business news.

Trading was fairly heavy, the ticker dropping two minutes behind soon after the start. Gains in active leaders ran to more than two points. Steels, utilities, motors and rubbers were pace-setters.

U. S. Steel soared more than two points to a new six-year high above 104, while Bethlehem gained half as much and Republic almost a point.

American Water Works and North American each jumped more than a point. Electric Power & Light and American Power & Light were strong.

In rubbers, yesterday's sharp advance was extended. Firestone, Goodrich and Goodyear again moving into new high ground. Gains ran to a point.

Chrysler jumped about two points for a new top on the current recovery above 132. General Motors moved up a point and Studebaker set a peak for 1936-37 on a fractional gain.

Aviations were held back by weakness in United Airlines, reflecting the latest crash on the west coast. Coppers, oils and amusements, along with rails, were comparatively quiet and a little higher.

Bonds displayed an irregular front, but plus signs predominated. Grains gained up to a cent a bushel. Cotton lost ground

Blue And White Wolverines Take 50-23 Shellacking At Lincoln Gym Tuesday

PAFFRATH SCORES 31 POINTS IN GAME

ELLWOOD CITY, Feb. 10.—The only consolation basketball fans get out of the Butler and Ellwood City High game Tuesday night at Lincoln gym was to witness one of the most brilliant individual performances they have even seen. Butler gave the locals a royal shellacking under a 50-23 score.

Paffrath, star Butler forward, gave local fans a real idea of a good basketball player. With a fine display of floor technique and accurate shooting he caged 12 field goals and 7 out of 7 free throws for a total of 31 points. The Butler ace gave the impression that he was a master of the bank board as he sent in baskets from all angles of the court with ease. His team mate, Pataky, accounted for a total of 11 points.

The visitors got off to a commanding lead and were never seriously threatened. The score was 17-4 in the first quarter, 34-12 in the second, 42-18 in the third and 50-23 final. Daubenspeck and Greco played the best game for the locals.

The performance of Paffrath is believed to be a record in a regular W. P. I. A. L. game.

In the preliminary game the Ellwood High Reserves defeated the Butler Reserves 28-20. After taking an early 8-3 lead in the first stanza the locals were never headed. The score was 13-7 at the half, 20-16 in the third quarter and 28-20 final.
